

DR. AMIT C KAMATH

Consultant - Internal Medicine

Qualification

MBBS | MD (Gen Medicine)

Overview

Dr. Amit C. Kamath is a dedicated internal medicine specialist in Bangalore. He is currently practising at Manipal Hospitals Hebbal, Bangalore, as Consultant - Internal Medicine. With a passion for providing high-quality patient care and a strong background in general medicine, Dr. Kamath has established himself as a skilled and compassionate physician. Being multilingual, he is fluent in Konkani, English, Kannada, and Hindi, allowing him to connect effectively with patients from various backgrounds. Dr. Kamath completed his MBBS from M.R. Medical College. His commitment to academic excellence continued as he pursued his MD in Internal Medicine from the same institution. His solid educational foundation has equipped him with a deep understanding of medical principles and the ability to apply them in clinical settings. The medical journey of Dr. Kamath includes several roles, like a Medical Officer, Clinical Neuroanaesthetist, and many others. These allowed him to gain invaluable experience in managing surgical patients. These roles provided him with diverse exposure to critical care and patient management. His expertise includes managing patients with a wide range of internal medicine conditions, and he is

known for his ability to handle emergencies with precision. Dr. Kamath’s practical skills extend to procedures such as patient intubation, infusion management during critical conditions, HD catheterisation for CKD patients, and the use of medical equipment in high-stress situations. Dr. Kamath possesses excellent communication skills, quick learning ability, and in-depth theoretical and practical medical knowledge. He is committed to continuous learning and thrives in environments that foster professional growth and patient-centred care. Dr. Amit C. Kamath is a compassionate and knowledgeable physician whose dedication to his patients and pursuit of excellence make him a valuable asset to the medical community. His focus on providing evidence-based, protocol-driven care ensures that his patients receive the highest standard of treatment.
