

DR. SREENIVASA D

Lead Consultant – Medical Gastroenterology

Qualification

MBBS | MD (General Medicine from Karnataka Medical College Hubli | DNB (General Medicine) | DM (Gastroenterology) from Seth G S Medical College and KEM Hospital Mumbai | DNB (Gastroenterology)

Overview

Dr. Sreenivasa D is an experienced gastroenterologist in Hebbal, Bangalore. He is currently practising as a Lead Consultant – Medical Gastroenterology at Manipal Hospital Hebbal, Bangalore. Dr. Sreenivasa brings more than thirty years of extensive clinical experience in the diagnosis and management of complex gastrointestinal, hepatobiliary, and pancreatic disorders. He is widely recognised for his depth of knowledge, high procedural precision, and commitment to delivering advanced, evidence-based gastrointestinal care. His clinical approach blends detailed evaluation, minimally invasive therapeutic techniques, and long-term disease management, ensuring patients receive comprehensive and well-coordinated treatment. He completed his MBBS from Jawaharlal Nehru Medical College, Belgaum, followed by an MD in General Medicine from Karnataka Medical College, Hubli, and DNB in General Medicine. Pursuing super-specialisation, he earned his DM in Gastroenterology and DNB in Gastroenterology from Seth G S Medical College and KEM Hospital, Mumbai, where he also secured first rank at the university

level and a gold medal in the DM examination. To further enhance his expertise in advanced gastrointestinal imaging and interventions, he completed a Fellowship in Endoscopic Ultrasound (EUS) from Denmark in 2012. Over the years, Dr. Sreenivasa has developed exceptional expertise in both diagnostic and advanced therapeutic endoscopy. His procedural experience includes endoscopy, colonoscopy, complex polypectomies, variceal banding and sclerotherapy, gastrointestinal stenting, bariatric endoscopy, and third-space endoscopic procedures such as POEM, EMR, and ESD. He is highly skilled in advanced pancreatic and biliary interventions, including ERCP, Spyglass examinations, laser lithotripsy, and endoscopic management of strictures and obstructions. A key area of his practice is endoscopic ultrasound. He routinely performs EUS-guided FNAC, biliary drainage, celiac ganglion block and neurolysis, fiducial placement, and radiofrequency ablation. He is also experienced in diagnostic and therapeutic enteroscopy, including double-balloon techniques, and capsule endoscopy for small bowel disorders. These advanced capabilities allow him to manage complex gastrointestinal cancers, pancreatic diseases, portal hypertension, and obscure gastrointestinal bleeding with precision and minimal invasiveness. In addition to his clinical work, Dr. Sreenivasa has had a long and distinguished academic career. He has served as Assistant Professor, Associate Professor, and Professor of Gastroenterology at reputed medical institutions and has been actively involved in training postgraduate students and DrNB gastroenterology candidates. At Manipal Hospital Hebbal, he has played a pivotal role in building a high-volume, high-quality gastroenterology department that performs more than 1,200 procedures per month while maintaining strong safety protocols and outcome standards. Dr. Sreenivasa has contributed extensively to medical research with more than fifteen publications in national and international journals and multiple poster presentations at major gastroenterology conferences. He is frequently invited as faculty at regional and national scientific meetings, where he participates in

panel discussions, chairs scientific sessions, conducts advanced endoscopy workshops, and takes part in live procedural demonstrations. These academic contributions reflect his ongoing commitment to innovation, education, and the advancement of gastroenterology practice in India. Patients value Dr. Sreenivasa for his calm clinical approach, thorough assessments, and transparent communication. He places strong emphasis on explaining conditions, procedures, and long-term management plans clearly, enabling patients and families to make informed decisions. His practice philosophy focuses on accurate diagnosis, appropriate use of advanced technology, and continuity of care for chronic gastrointestinal conditions. With his extensive experience, advanced procedural expertise, and dedication to ethical, patient-centred care, Dr. Sreenivasa D continues to be a leading authority in medical gastroenterology at Manipal Hospital Hebbal, Bangalore.

Field of Expertise

- Diagnostic and Therapeutic
