

DR. TEJASWINI ACHARYA

Consultant – Dermatology

Qualification

MBBS | MD - Dermatology

Overview

Dr. Tejaswini Acharya is an experienced dermatologist in Bangalore. She is currently practising as a Consultant – Dermatology at Manipal Hospital Hebbal, Bangalore. With a strong foundation in medical dermatology and advanced training in aesthetic procedures, Dr. Tejaswini brings a patient-centric, evidence-based approach to skin and hair care. Her clinical expertise includes managing conditions such as acne, pigmentary disorders, eczema, psoriasis, vitiligo, and hair loss, alongside performing cosmetic dermatological procedures with a refined aesthetic sense. She holds an MD in Dermatology, Venereology, and Leprology from the Mysore Medical College and Research Institute and completed her MBBS from JJM Medical College, Davangere. She is the best dermatologist in Hebbal. Dr. Tejaswini has actively contributed to research and medical education, publishing unique case reports and presenting at several dermatology conferences. Her involvement as a sub-investigator in multiple clinical trials, including studies on atopic dermatitis and vitiligo, highlights her commitment to advancing dermatological science and improving therapeutic outcomes. She has also undertaken certified training in injectables, energy-based devices,

and aesthetic dermatology techniques under international faculty, with hands-on exposure to Botox, skin boosters, non-surgical face lifting, and scar management using lasers and RF technology. Having worked as a consultant in reputed skin and hair clinics, Dr. Tejaswini is adept at addressing a wide spectrum of dermatological and cosmetic concerns. Her gentle, approachable nature, combined with a sharp clinical eye, ensures every patient receives a customised treatment plan that aligns with their skin goals and lifestyle. She also has extensive procedural experience in using energy-based devices for facial rejuvenation, pigment reduction, and double chin contouring, offering minimally invasive options with visible results. A strong believer in continuous medical education, Dr. Tejaswini regularly attends workshops and has completed international training modules, including Stanford's Antimicrobial Stewardship and ASI-DIAS Academy's aesthetic fellowship. Her approach focuses on treating the individual, not just the condition, cultivating trust and delivering care that is both scientifically sound and emotionally reassuring.
