

DR. AMITH SREEKANTH

Consultant - HPB, Liver & Pancreas Transplant

Qualification

MBBS | MS | DNB General Surgery | DrNB Surgical Gastroenterology | Fellowship in Hepato-Pancreato-Biliary Surgery and Solid Abdominal Organ Transplant

Overview

Dr. Amith Sreekanth is a distinguished surgeon specialising in hepato-pancreato-biliary (HPB) surgery, liver transplantation, and multi-organ abdominal transplantation in Hebbal, Bengaluru. Bringing comprehensive operative expertise acquired from premier tertiary cancer and multi-organ transplant centres in India and abroad, he is currently practising as a Consultant – HPB, Liver and Pancreas Transplant at Manipal Hospital Hebbal, Bengaluru. Known for his technical mastery across open, advanced laparoscopic, and robotic surgical approaches, Dr. Amith is widely regarded as one of the best liver transplant and HPB surgeons in Hebbal, Bangalore. Dr. Amith completed his undergraduate medical education (MBBS) followed by an MS and DNB in General Surgery. Demonstrating a dedicated commitment to surgical gastroenterology and transplant care, he earned his super-speciality DrNB in Surgical Gastroenterology, supplemented by an intensive Fellowship in Hepato-Pancreato-Biliary Surgery and Solid Abdominal Organ Transplant from high-volume transplant centres. His clinical background includes serving as a

consultant transplant surgeon at a major multi-organ transplant centre in Mumbai, as well as completing a specialised clinical observership in robotic HPB surgery at the prestigious Cancer Institute Hospital of the Japanese Foundation for Cancer Research (JFCR) in Tokyo. He is an active member of the Association of Surgeons of India (ASI), Indian Association of Surgical Gastroenterology (IASG), International Hepato-Pancreato-Biliary Association (IHPBA), and the Liver Transplant Society of India (LTSI). At Manipal Hospital Hebbal, Dr. Amith Sreekanth provides cutting-edge surgical interventions for critical hepatobiliary conditions and end-stage organ disease. As a top HPB and transplant surgeon in Bangalore, his surgical repertoire encompasses living donor liver transplantation (LDLT) and deceased donor liver transplantation (DDLT)—including paediatric transplants, mono-segment grafts, split-liver techniques, and complex ABO-incompatible (ABOi) liver transplants. He is highly proficient in major anatomical liver resections, radical gallbladder cancer surgery, complex biliary reconstructions, and advanced pancreatic operations such as pancreaticoduodenectomy (Whipple’s procedure with vascular resections), distal pancreatectomy, total pancreatectomy, and Radical Antegrade Modular Pancreatosplenectomy (RAMPS). In multi-organ transplantation, his expertise extends to simultaneous pancreas-kidney (SPK) transplantation, living and deceased donor small intestine transplantation, and cadaveric multi-organ retrievals. A prolific academician and clinical researcher, Dr. Amith has published widely in indexed international journals, including BMJ Case Reports, Cureus, Formosan Journal of Surgery, and International Journal of Medical Public Health. He has delivered oral and poster presentations at major international scientific forums such as the Japanese Society of Hepato-Biliary-Pancreatic Surgery (JSHBPS) in Hiroshima, Japan, and the Korean HBP Surgery Week in Busan, South Korea. His academic recognitions include the Best Poster Presentation Award at LTSICON 2024 (ABOi liver transplantation), the Best Poster Presentation Award at IASGCON 2023, the C. Palanivelu Best PG Paper Presentation Award

at ASICON 2019, and selection for the prestigious Vattikuti Scholarship Programme. Fluent in English, Kannada, Hindi, Tamil, and Telugu, Dr. Amith pairs surgical precision with empathetic, family-centred counselling, ensuring thorough preoperative assessment, clear explanation of transplant and surgical risks, and dedicated long-term postoperative monitoring.

Fellowship & Membership

- Association of Surgeons of India (ASI)
- Indian Association of Surgical Gastroenterology (IASG)
- International Hepato - Pancreato Biliary association (IHPBA)
- Liver Transplant Society of India (LTSI)

Field of Expertise

- Living Donor and Deceased Donor Liver Transplantation (including Pediatric, Monosegment, Split Liver, and ABO-incompatible Transplants)
- Complex Hepato-Pancreato-Biliary Surgery
- Major Liver Resections
- Pancreatic Surgery (Pancreaticoduodenectomy with Vascular Resections, Distal Pancreatectomy, Total Pancreatectomy including RAMPS)
- Advanced Laparoscopic Surgery
- Robotic Surgery
- Simultaneous Pancreas and Kidney Transplant
- Living and Deceased Donor Small Intestine Transplant

Languages Spoken

- English

- Kannada
- Hindi
- Tamil
- Telugu

Awards & Achievements

- Best Poster Presentation: ABOi liver transplantation- A Single center experience LTSICON 2024, Hyderabad
- Best poster presentation: Correlation of Staging and Resectability of Tumor by imaging, intra-operative findings and postoperative histopathology in periampullary and pancreatic tumor, IASGCON 2023, Hyderabad
- C Palanivelu- Best PG paper presentation: comparison of Diagnostic Accuracy of qSOFA v/s SIRS in predicting adverse outcomes in patients with suspected sepsis presenting to surgical emergency, ASICON 2019, Bhubaneshwar
- Best poster presentation: A rare case of Meckel’s diverticulum with urachal cyst, ASICON 2019, Bhubaneshwar
- Selected for Vatikutti scholarship programme conducted in Puducherry 2019
