

DR. RAGHAVENDRA M

Consultant & Head - Emergency Medicine

Qualification

MBBS | Masters in Emergency Medicine

Overview

Dr. Raghavendra M is an accomplished emergency medicine specialist and healthcare leader in Hebbal, Bengaluru, bringing extensive clinical and leadership experience in acute trauma resuscitation, critical emergency care, and department administration. Dr. Raghavendra M is currently practising as the Consultant and Head in the Department of Emergency Medicine at Manipal Hospital Hebbal, Bengaluru, where he directs emergency triage, rapid clinical interventions, and comprehensive acute medical services. Known for his swift diagnostic decision-making, clinical leadership in high-pressure scenarios, and patient-first approach, Dr. Raghavendra is regarded as one of the best emergency medicine doctors in Hebbal, Bangalore. Dr. Raghavendra completed his undergraduate medical education (MBBS) in 2012 from the prestigious Mysore Medical College and Research Institute (MMCRI). Committed to specialising in acute and lifesaving care, he pursued his Masters in Emergency Medicine (MEM) under the Society for Emergency Medicine India (SEMI), successfully completing it in July 2019. His advanced certifications include Basic Life Support (BLS), Advanced Cardiovascular Life Support (ACLS), and Paediatric Advanced

Life Support (PALS) provider credentials. At Manipal Hospital Hebbal, Dr. Raghavendra leads the Emergency Department, overseeing the immediate care and stabilisation of patients presenting with complex, life-threatening conditions. As a top emergency physician and trauma care specialist in Bangalore, his clinical expertise spans polytrauma resuscitation, acute cardiovascular emergencies, respiratory failure, stroke protocols, severe sepsis, shock states, and toxicological emergencies. He has completed rigorous specialised training workshops, including the Emergency Trauma Life Support (ETLS) course at St. John's Hospital, Bengaluru, the Early Management of Trauma Course (EMTC) at CMC Vellore, as well as AIIMS and Manipal Hospital workshops on Point-of-Care Ultrasound (POCUS) and emergency ultrasonography. His procedural skills cover bedside ultrasound triage, difficult airway management, suturing techniques, and emergency bone splinting. An active participant in academic emergency medicine, Dr. Raghavendra attended specialised legal-medical training on Law & Emergency Medicine (LAWer) and frequently engages in key scientific forums. He has attended major conferences including SEMICON (Mumbai, 2018), NAPEM (Bengaluru, 2018), and the Asian Conference on Emergency Medicine (ACEM, 2019). Notably, at EMCON (Bengaluru, 2018), he delivered a poster presentation on spontaneous pneumothorax, highlighting rapid bedside diagnostic and management pathways for acute thoracic emergencies. Fluent in English, Hindi, and Kannada, Dr. Raghavendra combines acute clinical vigilance with clear, reassuring communication, ensuring that patients and their families receive rapid, compassionate care and transparent information during times of medical crisis.
