

DR. RISHAB SHARMA

Consultant - Gastroenterology

Qualification

MBBS | MD | DrNB (Gastroenterology)

Overview

Dr Rishab Sharma is a very reliable Consultant Gastroenterologist who practices in Jaipur and possesses more than 15 years of experience in the diagnosis and treatment of diseases concerning the stomach, liver, intestine, and pancreas. He has an MBBS from a renowned Medical College, an MD in Internal Medicine, and a DrNB in Gastroenterology from Jaipur, proving a solid and advanced academic basis in his specialisation. Dr Sharma is knowledgeable about numerous diagnostic and therapeutic methods, such as upper GI endoscopies, colonoscopies, sigmoidoscopies, GI biopsies, variceal banding, sclerotherapy, foreign body retrieval, and ERCP. He is interested in treating peptic ulcers, liver failure, cirrhosis, alcoholic liver disease, fatty liver, piles, gastritis, diarrhoea, and constipation, among other digestive disorders. Dr Sharma also carries out complex interventions such as manometry and pH-metry to check oesophageal motility and acid reflux conditions. He has been to leading health institutions in Jaipur, and now wants to use his experience to provide the highest possible patient satisfaction rates. He is praised for his kind nature, careful diagnosis, and customised treatment plans, which latter have

gained him considerable patient trust. He speaks both Hindi and English fluently, which makes his service available to a wider patient group. His commitment to progress in the gastroenterology branch and provision of good patient care make him one of the best gastroenterologists in Jaipur. In addition to his clinical expertise, Dr Rishab Sharma is actively involved in medical research and education, contributing to advancements in gastrointestinal and liver disease management. He is committed to staying current with the latest guidelines and technologies in his field, ensuring that his patients receive up-to-date and effective treatment solutions. His holistic approach encompasses not only treatment of existing conditions but also preventive care and patient education, reinforcing his reputation as a compassionate and thorough medical professional.
