

DR. GOVIND PRASAD DUBEY

Consultant - Vascular Surgery

Qualification

MBBS | MS | DNB - Vascular Surgery

Overview

Dr. Govind Prasad Dubey is a distinguished Vascular and Endovascular Surgeon based in Jaipur, currently serving as a Consultant at Manipal Hospitals. With over 16 years of clinical experience, he specialises in treating a broad spectrum of vascular conditions using both conventional and minimally invasive techniques. His areas of expertise include varicose veins, deep vein thrombosis (DVT), diabetic foot care, gangrene management, aneurysms, carotid artery diseases, and dialysis access procedures. Dr. Dubey's medical journey began with an MBBS degree, followed by an MS in General Surgery. He further honed his skills by obtaining a DNB in Vascular Surgery. His advanced training was undertaken at Medanta The Medicity Hospital in Gurugram, one of India's premier medical institutions, where he gained extensive experience in vascular and endovascular surgical procedures. In addition to his clinical practice, Dr. Dubey is an active contributor to medical research. He has co-authored several publications in esteemed journals, including studies on hybrid operating theatres in vascular trauma, innovative techniques for recanalisation of thrombosed IVC filters, and ultrasound-guided fistuloplasty for arteriovenous fistulas.

Dr. Dubey is affiliated with professional bodies such as the Indian Medical Association (IMA), the Vascular Society of India (VSI), and the Vascular Association of Surgeons of India (VASI), reflecting his commitment to continuous learning and adherence to best practices in vascular surgery. Patients commend Dr. Dubey for his compassionate approach and clear communication. His multilingual proficiency in Hindi and English ensures effective interaction with a diverse patient population.
