

**DR. U VASUDEVA RAO**

Consultant - Vascular Surgery

**Qualification**

MBBS | MS (General Surgery) | FRCS (Glasgow) | FRCS (Eng) | FICS | FAIS

## Overview

Dr. U. Vasudeva Rao is a leading vascular surgeon in Jayanagar, Bangalore, and prioritises clinical precision and a patient-first philosophy when performing various vascular procedures. He also performs minimally invasive surgical methods to remove gallbladder stones and an inflamed appendix and repair hernias to optimise recovery times. Having 48 years of clinical experience in the field, Dr. Rao creates individualised treatment strategies based on meticulous diagnostic evaluations. He offers multidisciplinary care and open communication by working closely with patients to guide them through their surgical journey. His clinical approach focuses on sustainable, long-term health management, ensuring comprehensive support before, during, and after any surgical intervention.
