

DR. MOHAN Y BADGANDI

Consultant - Diabetes & Endocrinology

Qualification

MBBS | MD | MRCP | FRCP

Overview

Dr. Mohan Badgandi is an eminent Endocrinologist working as a Consultant in the Department of Diabetes & Endocrinology at Manipal Hospital Jayanagar, Bangalore. He is also associated with the prestigious Royal College of Physicians. He is a member of the KMC, Endocrine Society of India, and Research Society for Diabetes Study in India. In addition to India, he is a member of the ECE, British Ecological Society, Britain, and the European Foundation for the Study of Diabetes, Europe. These affiliations demonstrate his active involvement in the medical community and his commitment to advancing the field of Diabetes and Endocrinology. Dr. Badgandi has proven himself as a distinguished medical professional with an impressive list of qualifications. Dr. Mohan Badgandi completed his MBBS from the University Of Bombay, Maharashtra, in 1975 and his MD from GSL Medical College, Rajahmundry, in 1978. In 2002, he was awarded the prestigious FRCP fellowship from the Royal College of Physicians of England (RCPT Dublin). In 1995, he achieved MRCP membership from the same institution. These recognitions reflect his dedication to continuous learning and professional growth. Dr. Mohan

Badgandi has a rich experience of 48 years overall, and his areas of expertise include thyroid and parathyroid D1S, T2DM CV diseases insulin pumps, T1DM insulin analogues, gestational diabetes, cholesterol-related treatment, pregnancy-related diabetes, Harmon's diseases, CA disorders & treatment. His diverse expertise allows him to provide comprehensive and individualised care to his patients. RSSDI, ESICON, BES, ECE, and EASD are some of the most noteworthy honours and accomplishments that highlight Dr. Mohan Badgandi's highly accomplished career. For the same reason, he is considered to be a top diabetologist in Bangalore. Dr. Mohan Badgand has been a member of the Karnataka Medical Council. Besides being affiliated with many hospitals, he has been professionally active in other important ways. He has received specialised training to identify illnesses of the glands. He focuses on treating patients with hormonal abnormalities, often brought on by the endocrine system. The most common conditions treated by Dr. Mohan are diabetes, disorders with metabolism, stunted growth, osteoporosis, thyroid diseases, cancers of the endocrine glands, hormone production, cholesterol issues, infertility, hypertension, and over- or under-production of hormones. He has handled countless complicated medical problems and is noted for his attention to detail, precise diagnosis, and empathy in treating patients. Dr. Mohan Badgandi's outstanding contributions, extensive qualifications, and dedication to patient care make him a renowned figure in Diabetes and Endocrinology. Apart from English, he is fluent in Hindi, Gujarati, and Arabic. Fluency in multiple languages further enhances Dr. Badgandi's ability to connect with patients from diverse backgrounds. With his expertise and compassionate approach, Dr. Badgandi continues to positively impact countless individuals seeking treatment and guidance in managing their endocrine disorders.
