

DR. RAGHU B P

Consultant - Pulmonologist

Qualification

MBBS | MD - Pulmonary Medicine

Overview

Dr. Raghu B P is a Consultant Pulmonologist at Manipal Hospital, Jayanagar, with extensive expertise of 19 years in the field of pulmonology. Dr. Raghu B P is committed to providing his patients with high-quality healthcare services despite his significant knowledge of a variety of respiratory illnesses. He is well-known for his superior diagnostic abilities, extensive therapeutic techniques, and dedication to patient care. Dr. Raghu B P has pursued a rigorous educational journey to acquire the necessary knowledge and skills in his field. He completed his MBBS degree from AIIMS, Bellur, in 2004, which provided him with a strong foundation in medicine. To further specialise in Pulmonary Medicine, he pursued an MD in Tuberculosis and Chest Diseases from GMC GOA in 2010. This advanced training equipped him with in-depth knowledge of respiratory disorders and their management. Dr. Raghu B P has extensive experience in a variety of respiratory problems. His areas of expertise include bronchial asthma/allergic rhinitis, obstructive sleep apnea, interstitial lung diseases, lung cancer, pulmonary function tests, and non-invasive ventilation therapy. He can quickly and successfully analyse and treat

various respiratory infirmities because of his specialisations. Dr. Raghu B P is a member of the Medical Council of India (MCI) and Karnataka Medical Council. These connections demonstrate his dedication to upholding professional standards and remaining current on innovations in his industry. For the same reason, he is considered as the best pulmonologist Jayanagar. Dr Raghu B P is multilingual and can speak English, Kannada, and Hindi fluently. This linguistic ability enables him to properly interact with patients from various backgrounds, assuring clarity and comprehension throughout appointments. He believes in the importance of effective doctor-patient communication to establish trust and facilitate personalised treatment plans. Dr. Raghu B P, as a devoted healthcare practitioner, provides a variety of services to satisfy his patients' respiratory health concerns. He does bronchoscopy, which is a diagnostic technique that provides visualisation of the airways in order to diagnose and treat various lung disorders. He also specialises in performing Pulmonary Function Tests (PFTs), which assess lung capacity and function and help in the diagnosis and treatment of respiratory illnesses. He guarantees that his patients receive the greatest quality of care based on current medical recommendations and best practices by actively working with these medical organisations. Thus, Dr Raghu B P is a highly trained and committed Pulmonologist who specialises in the diagnosis and therapy of a wide range of respiratory illnesses. With his great skills, area experience, and dedication to patient care, he tries to give his patients comprehensive and personalised healthcare services. He hopes to promote respiratory health, improve patient well-being, and contribute to the growth of pulmonary medicine through his services.
