

DR. KIRAN RAJ PUVVADI

Consultant - Radiology

Qualification

-

Overview

Dr. Kiran Rajarathnam Puvvadi is a distinguished radiologist in Bangalore, currently practising as a Consultant - Radiology at Manipal Hospital Jayanagar, and has over two decades of professional experience in diagnostic and interventional radiology. Dr. Kiran is proficient in various radiological procedures, like pleural fluid tapping, ascitic fluid tapping, guided biopsies, and line placements, providing critical diagnostic and therapeutic services to patients. His skills in Doppler ultrasound, including carotid, renal, transplant, and vascular studies underline his contribution to vascular and transplant radiology. Dr. Kiran Rajarathnam completed his MBBS from Sri Devaraj Urs Medical College, Kolar, followed by a Diploma in Medical Radiodiagnosis (DMRD) from the Adichunchanagiri Institute of Medical Sciences, Karnataka. Committed to expanding his knowledge, he pursued multiple fellowships, including Oncoradiology, Vascular Imaging, and Foetal Medicine, enhancing his proficiency in specialized imaging techniques. Throughout his illustrious career, Dr. Kiran Rajarathnam has demonstrated exceptional diagnostic acumen in modalities such as X-rays, ultrasonography, Doppler studies, CT scans,

and MRI imaging. His expertise encompasses a wide range of imaging services, including fetal anomaly scans, interval growth monitoring, Doppler studies for high-risk pregnancies, and advanced oncological imaging with PET-CT. In addition to his clinical contributions, Dr. Kiran Rajarathnam actively participates in academic and professional development. He has been involved in training junior residents and radiology technicians and has conducted audits to ensure radiation safety and quality in imaging practices. His presentations on Doppler findings in high-risk pregnancies and neurosonograms have been well-received at various professional conferences. Known for his dedication, excellent communication skills, and ability to manage complex cases, Dr. Kiran Rajarathnam is a trusted professional in the field of radiology. His unwavering commitment to patient care and contributions to advancing radiological science make him a highly respected radiologist in Bangalore.
