

DR. SRIMANTH B S

Lead Consultant - Orthopaedic Onco Surgery

Qualification

MBBS | MS | DNB (Orthopaedics)

Overview

Dr. Srimanth B S is a top orthopaedic oncologist in Kanakapura Road, Bangalore, renowned for his expertise in diagnosing and treating musculoskeletal tumours. He is currently practising as a Lead Consultant - Orthopaedic Onco Surgery at Manipal Hospital, Kanakapura Road. With over 14+ years of experience, Dr. Srimanth's practice is dedicated to managing primary bone and soft tissue tumours, as well as complex metastatic bone diseases. By combining a deep understanding of orthopaedics with advanced oncological principles, he provides a high standard of comprehensive care for patients facing these challenging conditions. Dr. Srimanth's surgical foundation is built upon rigorous training at various medical institutions. He completed his MBBS from Devaraj URS Medical College, Kolar, in 2008, followed by an MS - Orthopaedics from M S Ramaiah Medical College, Bangalore, 2012. He then obtained a DNB - Orthopedic Surgery in 2012. With an interest in malignancy of bone and soft tissues, Dr. Srimanth completed a specialization in Orthopedic Oncology at the Tata Memorial Hospital in Mumbai. He further expanded his surgical horizons and completed a Fellowship in

Orthopedic Oncology from Seoul National University, South Korea. Another Fellowship in Musculoskeletal Oncology from Rizzoli Orthopedic Institute, Italy, helped him gain advanced international insights into bone tumour management. Dr. Srimanth primarily focuses on “Limb Salvage” or limb-sparing surgeries, which aim to eradicate tumours while preserving the patient’s mobility and limb function. He is highly proficient in advanced techniques such as computer-assisted navigation and complex pelvic cancer surgeries. His work also includes specialised paediatric sarcoma care, where he uses growth-enabling reconstructions to ensure that younger patients can maintain a high quality of life as they grow. As one of the best orthopaedic oncosurgeons in Kanakapura Road, Bangalore, Dr. Srimanth closely coordinates with a multidisciplinary team of cancer care, involving medical oncologists, surgical oncologists, radiation oncologists, and pathologists. This collaborative framework ensures that every patient receives a highly personalised treatment plan informed by diverse medical perspectives. By fostering a holistic and transparent environment, he empowers patients and their families to make well-informed decisions regarding their surgical and rehabilitative journey. In addition to his clinical practice, Dr. Srimanth B S remains a vital contributor to the medical community through both research and education. He is actively involved in clinical trials and studies aimed at advancing surgical outcomes for sarcoma patients. He also serves as a mentor to the next generation of surgeons, training postgraduates in orthopaedics and oncology to ensure the continued evolution of specialised cancer care in India.

Fellowship & Membership

- Fellowship in Musculoskeletal Oncology
- SNUH-Seoul, South Korea; Rizzoli Institute-Bologna, Italy
- IMSOS Fellowship - Tata Memorial Hospital, Mumbai
- Member of International Society of Limb Salvage

- Member of Indian Musculoskeletal Oncology Society
- Member of Indian Orthopaedic Society
- Member of Karnataka Orthopaedic Association
- Member of Bangalore Orthopaedic Society

Field of Expertise

- Special interest in Paediatric & Pelvic Bone Sarcomas.
- Management of Benign & Malignant Bone-Soft Tissue Tumours.
- Core Needle Biopsy/Trucut.
- Minimally invasive Procedures for Benign bone Tumours (Ex. Sclerotherapy).
- Extended Curettage & Reconstruction.
- Limb Salvage Surgeries for Sarcoma.
- Tumor Megaprosthesis.
- Growing Tumour Prosthesis for Paediatric Bone Sarcomas.
- Biological Reconstruction (Allograft or Recycled Tumour Graft)
- Graft Prosthetic Composite Reconstructions.
- Pelvic Tumour Resections & Reconstructions.
- Soft tissue Sarcoma Resections & Reconstruction.
- Sacrectomy
- Rotationplasty
- Surgical Management of Bone Metastases & Palliative Surgeries.

Awards & Achievements

- Awarded Scholarship for Clinical Fellowship Program in Seoul, South Korea
- Authored National and International scientific publications in the field of Musculoskeletal Oncology
- Has presented several scientific articles in state, National and International Orthopaedic and Oncology meetings/conferences.
- Recipient of Best Paper Award in BOSCON 2016.
- Has contributed to a chapter on Bone & Soft tissue tumour in a National textbook of Orthopaedics. Has conducted several Musculoskeletal Oncology conferences and CME.
- Reviewer for Top scientific journals in Orthopaedics & Musculoskeletal Oncology
- "Unstable Proximal humerus fracture management by LCP" OASISCON 2009: Chennai
- ACI and associated injuries: our experience, OASISCON, Chennai, 2009 "Arthroscopic bankart repair: our Experience "Indian Orthopaedic Association Conference (IOACON) 2010 Jaipur
- "Complications of Ilizarov fixator method: our review of 526 cases" International Ilizarov Conference: 2011: Solapur
- "Hybrid external fixator as an option for comminuted proximal tibia fractures", trauma Society, 2011, Bengaluru
- "Mega Tumours-Mega Surgeries: Our Experience " BOSCON 2013,Bengaluru "Allograft-Prosthesis composite reconstruction for Proximal Ulna Malignant Tamara Case report "BOSCON,2013,Bengaluru & KOACON 2014, Bengaluru; APMSTS 2016
- "Irradiated tumour bone for Bone tumour

- reconstruction" OASISCON, 2013, Pondicherry.
- "Extracorporeal Radiotherapy & Reimplantation with Lung Metastatectomy for Pelvic Chondrosarcoma- A Case report", KOACON 2014, Bengaluru; APMSTS 2016
 - "Pelvic Tumours-Treatment Options", BOSCON 2014, Bengaluru.
 - "Are we aggressive in performing two-stage surgery for periprosthetic infection around the knee after tumour resection?" EMSOS, Apr 29-May 1, 2015, Greece & ISOLS-2015, Florida, USA.
