

DR. LAKSHMIKANTHA G N

Consultant - Radiology & Imaging

Qualification

MBBS | DMRD | DNB (FRCR)

Overview

Dr. Lakshmi Kantha G N is an experienced radiologist in Bangalore, practising as a Senior Consultant - Radiology at Manipal Hospital Kanakapura Road. Dr. Lakshmi Kantha brings over 18+ years of expertise in diagnostic and interventional radiology, offering patients precise and timely imaging services essential for accurate diagnosis and treatment planning. His extensive knowledge of radiological techniques and imaging modalities enables him to deliver comprehensive care across a broad spectrum of medical conditions. Beginning his medical career with an MBBS, Dr. Lakshmi Kantha has developed a strong foundation in both diagnostic imaging and minimally invasive image-guided procedures with a Diploma in Medical Radio Diagnosis (DMRD) followed by a DNB. He also obtained a Fellowship of the Royal College of Radiologists (FRCR). Dr. Lakshmi Kantha continuously updates his skills to stay aligned with advancements in radiology, ensuring that patients receive the most current and effective imaging solutions. Dr. Lakshmi Kantha specialises in diagnostic radiology, including advanced techniques such as ultrasound, computed tomography (CT), magnetic resonance imaging

(MRI), and digital X-rays. He meticulously interprets imaging studies to detect abnormalities and assist in the diagnosis of various diseases, including cancers, cardiovascular conditions, musculoskeletal disorders, and neurological ailments. His attention to detail enables physicians to understand the precise nature of illnesses, allowing for tailored treatment plans. Dr. Lakshmikantha's expertise also extends to interventional radiology. He performs image-guided procedures such as biopsies, drainages, vascular interventions, and pain management techniques that serve as less invasive alternatives to traditional surgery, leading to faster recovery and fewer complications. By utilising imaging guidance such as ultrasound and fluoroscopy, he ensures high accuracy and safety during these minimally invasive treatments. Patients benefit from reduced hospital stays and quicker return to daily activities. Known for his professional integrity and collaborative approach, Dr. Lakshmikantha works closely with referring physicians and multidisciplinary teams to provide integrated care. His expertise supports accurate diagnosis and effective management across various specialties. He actively engages in continuous professional development to keep pace with emerging imaging technologies and evidence-based practices. This dedication ensures that his patients have access to the best possible diagnostic and therapeutic radiology services. Dr. Lakshmikantha speaks Kannada, English, Hindi, Telugu, Tamil, and Malayalam, enabling him to communicate effectively with a diverse patient population and provide personalised care.
