

DR. SHIVAPRASAD G S

Consultant: General Surgery and Robotic surgery

Qualification

MBBS | MS in General Surgery and Laparoscopy Surgery | FMAS (Fellowship in Minimal Access Surgery) | FICRS (Fellow of the International College of Robotic Surgeons) from World Laparoscopic Hospital, Gurugram, Delhi

Overview

Dr. Shivaprasad Giliyar Srinivasa is an accomplished consultant in General, Gastrointestinal, and Robotic surgery based in Bangalore, with over 16 years of surgical experience. He currently serves as a Senior Consultant in General and GI Surgery and is a Proctor for Robotic-Assisted Procedures at Manipal Hospital, Kanakapura Road. Dr. Shivaprasad is a distinguished expert in the fields of minimally invasive and laparoscopic surgery, renowned for his exceptional skill as a Robotic Surgeon. While specialising in the full spectrum of Gastrointestinal (GI) robotic procedures, he also excels in complex robotic abdominal wall reconstructions for hernia repairs. Beyond his clinical mastery in the operating room, Dr. Shivaprasad is a dedicated educator and thought leader; he actively proctors and mentors his peers, sharing his advanced technical knowledge to shape the next generation of surgical excellence. Nationwide, he is recognised for his exceptional work in Robotic-Assisted Thoracic Sympathectomy for hyperhidrosis—a rare and complex procedure performed by only a few

surgeons across India—and scarless endocrine surgery (Thyroidectomy and Parathyroidectomy performed without a neck scar). Additionally, as a proctologist, he is highly proficient in minimally invasive laser procedures for perianal disorders.

Fellowship & Membership

- ARIS (Association of Robotic and Innovative Surgery)
- WALS (World Association of Laparoscopic Surgeons)
- AMASI (The Association of Minimal Access Surgeons of India)
- IMA (The Indian Medical Association)
- ASI (The Association of Surgeons of India)
- KMC (Karnataka Medical Council)

Field of Expertise

- Minimal invasive surgeries(ETS surgery, endoscopic thyroid and parathyroidectomy)
- Robotic-assisted procedures
- Major Gastrointestinal Surgery
- General surgery procedures
- Advanced contemporary laparoscopic surgeries (Lap cholecystectomy, Lap hernia surgery)
- Proctology and laser procedures(hemorrhoidectomy , anal fistula, anal fissure)
- Robotic & Minimally Invasive Surgery (Da Vinci System)
- Robotic Abdominal Wall Reconstruction & Complex Hernia Surgery
- Robotic and Laparoscopic Hernia Repair (Inguinal, Ventral, Incisional, Umbilical)
- Gastrointestinal Surgery – Oesophagus, Stomach, Small & Large Intestine

- Robotic & Laparoscopic Gallbladder and Appendix Surgery
- Reflux Surgery for GERD, Hiatus Hernia & Achalasia Cardia
- Robotic & Laparoscopic Colorectal Surgery for Intestinal Tumours
- Scarless Robotic Endocrine Surgery (Thyroid & Parathyroid)
- Laser Proctology – Piles, Fissure, Fistula & Pilonidal Sinus
- Laser Varicose Vein Surgery & USG-Guided Procedures
- Daycare General Surgical Procedures (Lipoma, Sebaceous Cyst, Nail Surgery)
- Robotic-Assisted Thoracic Sympathectomy (ETS) for Hyperhidrosis

Talks & Publications

- Research on inguinal hernia mesh repair under local anaesthesia - 2011 – 2014.
- Published a journal on a rare case of lymphoma in North American journal-2014.
- Paper Presentation on comparison between laparoscopic appendectomy and open appendectomy KSC ASICON, Raichur, Karnataka – 2014.

- Published inguinal hernia mesh repair under local anaesthesia versus spinal anaesthesia in Asian Journal - 2014.
- Poster presentation on pseudomyxoma peritonei at KSC ASICON held at Raichur, Karnataka – 2014.
- Seminar on Hernia in space retzius at ASI meet held in Mangalore, Karnataka – 2014.
- Presented a seminar on Acute Pancreatic Necrosis in Sakra World Hospital, Bangalore – 2015.
- Presented monthly and yearly surgical audit in Sakra World Hospital Bangalore – 2015-2016.
- Seminar on Hernia repairs (Lap inguinal and Lap Ventral hernias) Columbia Asia hospital - 2016.
- Presented Seminar on Endovascular procedures for Peripheral vascular disease and deep vein thrombosis at Columbia Asia Hospital, Bangalore - 2017.
- Presented multiple Mortality and morbidity cases at Columbia Asia Hospital Bangalore, 2016-2018.
- Published news article – 345gallstones retracted at Aster RV hospital, Bangalore, 2022.
- Participated in a Live TV Show (question and answer session) about the treatment of hyperhidrosis in Bangalore, 2023.
- Conducted and telecasted live ETS surgery in Aster RV Hospital, Bangalore, 2024.
- Article on Hyperhidrosis: https://www.asterhospitals.in/blogs-events-news/aster-rv /definitive-and-permanent-cure-hyperhidrosis.
- Basic research skill development – Ethicon workshop held in Mangalore, Karnataka, India, 2011.
- 30th Annual Conference of the Association of Surgeons of India, held in Hubli, Karnataka, India, 2012.
- 31st Annual Conference of the Association of Surgeons of India, held in Raichur, Karnataka, India, 2013.
- Continuing Medical Education (CME) held in Mangalore,

Karnataka, India, 2013.

- CUE Uro-Oncology clinics held in Mangalore, Karnataka, India, 2013.
- Surg-Yen Continuing Medical Education (CME) held in Mangalore, Karnataka, India, 2013.
- Association of surgeons of India, South Kanara branch held in Mangalore, Karnataka, India, 2013.
- Continuing Medical Education (CME) on transplantation update held in Mangalore, Karnataka, India, 2014.
- Sakra clinics of gastroenterology conference held in Bengaluru, Karnataka, India, 2015.
- Continuing Medical Education (CME) on Osteoarthritis and other Inflammatory Arthritis held in Columbia Asia Hospital, Bangalore, India, 2016.
- Continuing Medical Education (CME) on Gastrointestinal and Surgery Symposium held in Columbia Asia Hospital, Bangalore, India.
- Continuing Medical Education (CME) – delivered a speech on Laparoscopic hernia repair held in Care Asia hospital, Bangalore, India, 2021.
- Continuing Medical Education (CME) delivered a speech on hyperhidrosis in the Aster RV hospital in 2022.
- Hyperhidrosis meet conducted in JP Nagar, Bangalore, 2022.
- Attended and delivered speech, Laser Proctology- Andaman 2023,
- CME – Demonstration of TEP – Inguinal hernia surgery, Bangalore 2024.
