

DR. SUSHMA V

Consultant - Paediatrician

Qualification

MBBS | DNB (paediatrics)

Overview

Dr. Sushma V is a consultant paediatrician at Manipal Hospital Kanakapura Road who has a great deal of knowledge and experience in the medical speciality. Dr. Sushma V offers complete treatment to newborns, kids, and teenagers with an emphasis on general paediatrics and emergency paediatrics. She ensures that her young patients receive the greatest possible assistance for their growth and development because of her extensive knowledge of nutrition and lactation. Dr. Sushma V is a qualified medical professional with an MBBS degree from Rajiv Gandhi University of Health Sciences in Bangalore, India. She further pursued her specialisation in paediatrics and obtained a DNB (Diplomate of National Board) in Paediatrics from the National Board of Examination in India in 2006. This extensive educational background equips her with the knowledge and expertise required to diagnose and treat a wide range of paediatric conditions. Dr. Sushma V maintains good contact with patients and their families because of her proficiency in English, Kannada, Hindi, and Telugu. Her ability to speak many languages enables her to make her patients feel at ease, which promotes trust and understanding. She is a member of

the Indian Paediatric Association and the Karnataka Medical Council. Renowned paediatrician Dr. Sushma V makes sure that her young patients are in good health and are properly treated with her extensive training and expertise in paediatric care. For the same reason, she is considered one of the best paediatricians in Kanakapura Road, Bangalore. Dr. Sushma V offers a comprehensive range of services to address various paediatric health needs. She specialises in allergy testing, providing accurate diagnoses and effective treatment plans for children with allergies. Additionally, she has expertise in treating viral fevers, ensuring timely and appropriate management to alleviate symptoms and promote recovery. Moreover, Dr. Sushma V is skilled in treating fractures and other injuries in children, offering prompt and specialised care to ensure optimal healing and minimal discomfort. She is likewise knowledgeable in infant care, offering help and direction to guardians at the critical beginning of their child's life. Regular health checkups for paediatric patients are crucial for monitoring growth and development. Dr. Sushma V offers comprehensive health checkups for children, conducting thorough assessments to identify any underlying issues and provide appropriate interventions if necessary. Furthermore, she conducts developmental assessments to ensure children are meeting their developmental milestones. Infectious diseases that often afflict children are treated by Dr. Sushma V, who offers precise diagnosis and individualised treatment regimens to hasten healing and avert complications. She is able to manage illnesses, including lung infections, gastrointestinal infections, and skin infections, successfully, thanks to her experience in treating infectious diseases. She is a trusted choice for families searching for paediatric care due to her extensive range of services and her proficiency in various languages.
