

DR. GOPAL RATHI

Consultant - Urology

Qualification

MBBS | MS General Surgery | DNB General Surgery | DNB Genitourinary | DNB Urology

Overview

Dr. Gopal Rathi is a highly skilled and experienced consultant urologist based in Pune, with over 15 years of expertise in urology, urological surgery, and andrology. He holds multiple qualifications, including MBBS, MS in General Surgery, and several Diplomas of National Board (DNB) in General Surgery, Genitourinary Surgery, and Urology. Dr. Rathi is a proud member of the Urology Society of India and is widely recognised for his clinical excellence and compassionate patient care. Dr. Rathi specialises in a broad range of urological conditions and treatments, including kidney stone management, ureteroscopy (URS), erectile dysfunction therapy, urinary incontinence management, and vasectomy procedures. His approach combines the latest minimally invasive techniques with personalised, patient-centric care to ensure the best possible outcomes. Over the years, Dr. Rathi has actively contributed to advancing urological knowledge through numerous academic presentations and workshops. He has presented posters and papers at prestigious conferences such as USICON and WZUSICON, highlighting his commitment to evidence-based practice. He has also participated in international live operative workshops on reconstructive

surgery and advanced laparoscopic and robotic surgeries. Dr. Rathi's dedication to continuous learning is evident through his involvement in various CMEs and specialised courses, including skill development in percutaneous nephrolithotomy (PCNL), retrograde intrarenal surgery (RIRS), and uro-oncology. His scholarly work includes publications in indexed medical journals and contributions to public health education, such as addressing myths about urinary tract infections.
