

DR. GEETANJALI INGAALE

Consultant - Paediatrics

Qualification

MBBS | Fellowship in Neonatology | DNB Paediatrics

Overview

Dr. Geetanjali Ingaale is a highly experienced consultant in pediatrics and neonatology at Manipal Hospital, Kharadi, Pune. With over 12 years of expertise, she has earned a stellar reputation for her clinical excellence and compassionate care in managing newborns, especially high-risk and premature babies. She holds a DNB in pediatrics and has completed a fellowship in neonatology, equipping her with advanced training in neonatal intensive care and complex newborn conditions. Her key areas of interest include neonatology, care of premature infants, neonatal infections, and general pediatrics. Dr. Ingaale has made significant academic contributions to neonatal medicine. She has authored articles published in the National Neonatology Forum (NNF) journal and contributed chapters to the authoritative Manual of Neonatal Infections. Her work underscores her dedication to improving neonatal outcomes through both clinical practice and research. Among her many notable cases, one remarkable success story is that of a premature baby born at just 26 weeks, weighing only 680 grams. The baby, who faced severe respiratory distress, made a full recovery under Dr. Ingaale’s skilled and attentive care — a testament to her

expertise and unwavering commitment. Known for her patient-centric approach, Dr. Geetanjali Ingaale places great emphasis on compassionate communication, family involvement, and individualised care plans. She ensures that parents feel supported, informed, and confident throughout their child's medical journey. Her ability to blend cutting-edge neonatal care with empathy and trust has made her one of the most respected paediatric and neonatal specialists in Pune.
