

DR. PRATIBHA WALDE

Consultant - Internal Medicine

Qualification

MBBS | MD (Internal Medicine)

Overview

Dr. Pratibha Walde is a highly experienced Consultant in Internal Medicine at Manipal Hospital, Kharadi, Pune. With over two decades of clinical practice, she has earned a strong reputation for her patient-centred approach and in-depth diagnostic capabilities. Dr. Walde holds an MBBS and MD in Internal Medicine, and she is widely respected for her dedication to preventive care and chronic disease management. At Manipal Hospital, Kharadi, Dr. Walde plays a crucial role in treating a broad range of health conditions. Her expertise spans fever and infection management, including dengue, malaria, typhoid, and viral illnesses, alongside chronic diseases such as diabetes, hypertension, thyroid disorders, and respiratory conditions. She places great emphasis on understanding the root cause of illness through detailed evaluations before initiating treatment, which makes her a preferred choice for many long-term patients. Dr. Walde is actively involved in clinical research and serves as a sub-investigator in several clinical trials, staying updated with the latest advancements in internal medicine. Her approach is guided by evidence-based practice and empathy, ensuring patients receive both effective care and

reassurance. She is affiliated with esteemed medical associations like the Indian Medical Association (IMA) and the Association of Physicians of India (API), highlighting her commitment to maintaining professional excellence and continual learning. Whether it’s routine health monitoring, lifestyle disease management, or acute infections, Dr. Pratibha Walde offers reliable and personalised medical care. Her association with Manipal Hospital, a reputed multispecialty centre in Pune, further enhances the quality and reach of her services. She is a trusted name in the community for delivering consistent, compassionate, and competent healthcare.
