

DR. AZHAR LAKHANI

Consultant - Orthopedics

Qualification

MBBS | MS (Orthopaedics) | DNB (Orthopaedics)

Overview

Dr. Azhar Lakhani is a Consultant Orthopaedic Surgeon at Manipal Hospital, Kharadi, with over 16 years of clinical experience in treating a wide range of orthopaedic and musculoskeletal conditions. He is known for his expertise in trauma care, reconstructive procedures, and advanced joint and arthroscopic surgeries, with a strong focus on patient-centric and evidence-based treatment. Dr. Lakhani specialises in routine and complex fracture fixation surgeries, trauma surgeries, joint replacement procedures, and reconstructive orthopaedics. His skill set includes PFN nailing procedures, osteotomies around the hip, minimally invasive percutaneous techniques, and deformity correction in Cerebral Palsy and Poliomyelitis. He is also highly proficient in arthroscopic surgeries, including ACL reconstruction and arthroscopic rotator cuff repair, enabling faster recovery and improved joint function for patients. He completed his MBBS from Jawaharlal Nehru Medical College, Belgaum, followed by an MS in Orthopaedics from Grant Government Medical College & JJ Hospital, Mumbai. He further earned a DNB in Orthopaedics from the National Board of Examinations, New Delhi, strengthening his academic and clinical foundation. To enhance

his surgical expertise, Dr Lakhani pursued advanced fellowships in Complex Trauma and Limb Reconstruction at Ganga Hospital, Coimbatore, and Joint Replacement and Arthroscopy Surgery at Deenanath Mangeshkar Hospital, Pune. Dr. Lakhani has also contributed to orthopaedic research, with publications in reputed medical journals focusing on fracture management and advanced nailing techniques. At Manipal Hospital, Kharadi, he is dedicated to providing comprehensive orthopaedic care with an emphasis on accuracy, safety, and long-term functional recovery.

Fellowship & Membership

- Fellowship in Complex Trauma And Limb Reconstruction, Ganga Hospital & Research Centre, Coimbatore, 2016.
- Fellow In Joint Replacement And Arthoscopy Surgery, Deenanath Mangeshkar Hospital, Pune, 2017.

Field of Expertise

- Routine fracture-related surgeries
- Joint replacement surgeries
- Reconstruction surgeries
- Osteotomies around the hip
- PFN nailing procedures
- Minimally invasive percutaneous procedures
- Arthroscopic ACL reconstruction
- Arthroscopic rotator cuff repair
- Deformity correction in Cerebral Palsy (CP) and Poliomyelitis

Languages Spoken

- English

- Hindi
- Marathi

Awards & Achievements

- A Comparative Study of the Management of Fracture Neck Femur by Dynamic Hip Compression screw with Derotation Screw Versus Three Cancellous Screw(Doi: 10.13107/jmt.2347-5595/055).
- Functional and Radiological Outcome in the Use of Poller screw in proximal Metaphyseal Fractures of Tibia Treated with Conventional Intramedullary Nailing Kerala Journal of Orthopedics.kjoonline.org Volume 28. Numbers 1-2. January-June/July December 2015.
