

DR. TANMAI YERMAL (JAIN)

Consultant - Cardiologist & TAVI Expert

Qualification

MBBS | MD (Medicine) | DNB (Cardiology)

Overview

Dr Tanmai Deelip Yermal (Jain) is a Consultant Cardiologist at Manipal Hospital Kharadi, Pune, with extensive experience in interventional cardiology and structural heart procedures. He is an accomplished Heart Specialist in Pune and an interventional cardiologist with specialised expertise in structural heart procedures, including Transcatheter Aortic Valve Implantation (TAVI) and MitraClip therapy. A trusted and leading TAVI expert in Pune, he holds MBBS, MD (Medicine), and DNB (Cardiology) and was honored with the prestigious “Nana Mone” Best Resident Award in 2016 by MUHS University. Dr. Tanmai completed his DNB in Cardiology from the renowned Narayana Hrudayalaya, Bangalore, and has previously worked as an associate consultant in Cardiology at Manipal Hospital, Bangalore. He has also contributed to research as a co-investigator in the ICMR trial on BCG vaccination for COVID-19 prevention in the elderly. He is also a well trained expert from Japan and South Korea for complex coronary angioplasties like Left Main, CTO, Bifurcation, Rota, Orbital, IVUS & OCT guided angioplasties. With extensive experience in interventional cardiology, he has performed over 2,500 coronary and peripheral

angiographies and more than 500 angioplasties, including complex cases such as left main disease, bifurcation lesions, multivessel disease, chronic total occlusions (CTO), anomalous coronaries, and OCT/IVUS-guided procedures. Recognised as a leading TAVI expert at Manipal Hospital Kharadi, Dr. Tanmai has strong experience in structural heart interventions, including TAVI, LAA device closure, PFO and ASD device closures, AAA stenting, and carotid stenting. His expertise also extends to cardiac device implantation procedures such as permanent pacemakers, AICD, and PTMC, making him a preferred TAVI expert in Kharadi, Pune. He is actively involved in public awareness through media engagements and has been featured in The Times of India and multiple other Newspaper for his articles on high cholesterol symptoms. A regular speaker at CME programs and health summits, he is fluent in English, Hindi, Marathi, and Bangla. Known for his ethical approach, transparency, and patient-first philosophy, Dr. Tanmai ensures a safe and open environment, enabling effective communication and personalised, holistic cardiac care.
