

DR. NINAD PATIL

Consultant - Neurosurgery

Qualification

MBBS | MS General surgery | M.Ch Neurosurgery

Overview

Dr. Ninad Patil, a neurosurgeon in Pune holds an MBBS, MS & MCh degree in Neurosurgery. He is a well-trained brain and spine surgeon who acquired his medical training from the best medical schools in the country with more than 10 years of experience. He also has relevant teaching experience in this domain. He had a bright academic career and has presented his research work at international and national conferences. He is also research-oriented and has published various articles in peer-reviewed scientific journals and chapters in neurosurgery textbooks. He has performed more than 1000+ brain and spine surgeries with utmost finesse. He is a member of several neurological & neurosurgical societies. He is also well-trained in minimally invasive and endoscopic brain and spine surgeries. His expertise in neurosurgery includes the management of traumatic brain injuries, brain tumors, pediatric neurosurgery, and spine surgeries. He has a special interest in skull base and vascular pathologies, endoscopic brain surgeries, and minimally invasive spine surgeries.

Fellowship & Membership

- Fellowship in Vascular Surgery.
- Member of Neurological society of India (NSI).
- Member of Neurological surgeons society of India (NSSI).
- Member of American association of neurological surgeons (AANS).
- Member of European Association of Neurosurgical Societies (EANS).
- Member of Leksell Gamma Knife Society (LGKS).

Field of Expertise

- Micro neurosurgery
- Minimally invasive brain surgeries
- Minimally invasive spine surgeries
- Hydrocephalus treatment (Endoscopic and CSF diversion)
- Paediatric neurosurgery (brain, spine and CVJ craniofacial)
- Neuro-Oncology (brain and spine tumours)
- Cerebrovascular Surgeries

- Functional & complex spine surgeries
- Motion preservation spine surgeries
- Endoscopic brain surgeries
- Endoscopic spine surgeries
- Skull base neurosurgery
- Peripheral nerve surgeries
- Pain management
- Trigeminal Neuralgia
