

DR. ANAND NIRALE

Consultant - Anaesthesiology

Qualification

MBBS | Diploma in Anaesthesia

Overview

Dr. Anand Nirale is a highly experienced and accomplished anesthesiologist currently practising at Manipal Hospital, Kharadi, Pune. He holds an MBBS degree along with a Diploma in Anaesthesia and has developed a strong reputation for delivering safe, effective, and patient-centric anaesthetic care. With years of hands-on experience, Dr. Nirale has been a key part of numerous successful surgeries, ensuring patients are comfortable and well-monitored throughout their procedures. His clinical expertise spans the administration of anaesthesia across a wide range of surgical specialities, including general surgery, orthopaedics, laparoscopic procedures, and emergency high-risk cases. Dr. Nirale plays an integral role before, during, and after surgery—conducting thorough preoperative evaluations, carefully managing anaesthesia during operations, and overseeing smooth recovery in the postoperative phase. His attention to detail and calm presence in high-pressure situations make him a valuable asset to both patients and surgical teams. Dr. Nirale is a life member of the Indian Society of Anaesthesiologists (ISA), reflecting his ongoing commitment to

professional development and excellence in the field. He is also certified in Advanced Cardiac Life Support (ACLS) by the American Heart Association and in Pediatric Advanced Life Support (PALS) by the Indian Academy of Paediatrics. These certifications underline his preparedness to manage critical situations and provide safe care for patients across all age groups. At Manipal Hospital, Kharadi, Dr. Anand Nirale is known for his methodical approach, dedication to patient safety, and collaborative work with multidisciplinary teams. Whether handling routine procedures or complex surgeries, his consistent focus remains on delivering the highest standards of anaesthesia care, ensuring patient comfort, and minimising risk at every stage of the surgical process.
