

DR. MOHIT MUTTHA

Consultant - Spine Surgeon

Qualification

MBBS | MS (Ortho) | DNB (Ortho) | FNB(Spine Surgery)

Overview

Dr. Mohit Muttha, the best spine doctor in Pune has completed his MBBS from the prestigious BJ Medical College of Pune. He went on to do MS (Orthopaedics) from the Sion Hospital in the year 2014 and further pursued FNB Spine Surgery which is a dedicated National Board-certified two-year degree course in spine from the Indian Spinal Injuries Centre, New Delhi. Dr. Mohit had been trained in minimally invasive spine surgery in Germany and Australia. His areas of expertise include the treatment of sciatica, chronic back and neck pain, spondylosis, spinal infections, tumours and trauma, congenital spinal deformities, scoliosis and kyphosis and performing minimally invasive and endoscopic spine surgeries. He is dedicated to exemplary patient outcomes with the use of the latest equipment and technology. Dr. Mohit specifically focuses on listening to and addressing patient concerns. This allows him to create a personalised treatment plan that focuses on holistic healing. Dr. Mohit Muttha’s multilingual proficiency in English, Hindi, and Marathi fosters trust and understanding among a diverse patient population. Dr. Mohit has a joyous and helpful personality which automatically creates a very healthy environment to

work with. He has garnered positive reviews from all his patients for his compassionate conduct and pragmatic approach. Having been trained in one of the best institutes in our country and abroad in spine he is well-versed in managing all spinal pathologies Besides offering the best care to the patients Dr. Mohit actively participates in various seminars and events that are dedicated to the development of the medical world. He presented a paper at the Oral paper presentation in 2023 during Spine Week, in Melbourne, Australia, won the best paper award in 2020 at the Korean Society of Spine Surgeons (KSSS) Conference in Seoul, South Korea, and presented an E poster at the Global Spine Congress 2021, in Paris. He has performed numerous complex spine surgeries successfully and has treated patients from across the country and abroad.

Fellowship & Membership
