

DR. ANKIT SHARMA

Consultant - Urology

Qualification

MBBS | M.S. (General Surgery) | DrNB (Urology)

Overview

Dr. Ankit Sharma is a famous urologist in Pune with expertise in Endourology, Laparoscopic surgery, Andrology, Reconstructive surgery and Renal Transplant Surgery. Being trained at one of the centres with the highest volume of renal transplants in the country, he has honed his skills and expertise in performing complex renal transplant surgeries. With a commitment to academia, he has delivered presentations at multiple zonal and national conferences and has published in various reputed National and International Journals. Dr. Ankit conducts thorough patient histories and physical examinations. He orders, interprets, and analyzes diagnostic tests such as X-rays, ultrasounds, and cystoscopies. Dr. Ankit develops and implements treatment plans, which may include medication, minimally invasive procedures, or surgery. He is skilled at performing a variety of urologic procedures, including cystoscopy, ureteroscopy, and laparoscopic surgery (depending on the practice setting). Dr. Ankit provides ongoing patient education and counselling on urologic health and disease management. He answers all the concerns a patient may have and ensures that they are making an informed decision. Dr. Ankit

collaborates effectively with other healthcare professionals to ensure comprehensive patient care. In addition to offering optimum care, Dr. Ankit stays up-to-date with the latest advancements in urologic diagnosis and treatment by participating in national and international events. Dr. Ankit is fluent in Hindi, English, Punjabi, Marathi and Tamil and has treated patients from across the country. He believes that effective communication can help in creating a personalised treatment plan based on the specific needs of the patient. The positive reviews he has garnered from his patients make him one of the highly trusted urologists in Pune. Dr. Ankit is a passionate and self-motivated individual who is always eager to learn and launch new initiatives that enhance the patient experience in any manner.
