

DR. PRASHANT GITE

Consultant - Interventional Radiologist

Qualification

MBBS (General Medicine) | MD (Radiology) | FVIR | FRCR (UK)

Overview

Dr. Prashant Gite is a dedicated Consultant Interventional Radiologist in Pune, known for providing advanced, minimally invasive treatments with a strong focus on patient comfort and safety. With over 7 years of experience, he specialises in image-guided procedures that help patients recover faster, experience less pain, and avoid major surgeries whenever possible. He completed his MBBS in General Medicine in 2012 and pursued his MD in Radiology from the renowned Tata Memorial Centre between 2013 and 2016. To further enhance his clinical expertise, he obtained the prestigious Fellowship of the Royal College of Radiologists (FRCR), UK, in 2021. His training reflects a commitment to delivering high-quality, evidence-based care in interventional radiology in Pune. Dr. Gite offers a wide range of treatments, including Angiography, Angioplasty, Dialysis Fistuloplasty, Varicose Vein Ablation, and Carotid Artery Stenting. He is also experienced in complex, life-saving procedures such as Stroke Thrombectomy, DVT Thrombectomy, Aneurysm Coiling, and Tumour Embolisation. What truly sets Dr. Gite apart is his patient-first approach. He takes time to understand each patient’s concerns,

explains procedures in a clear and reassuring manner, and develops personalised treatment plans tailored to individual needs. His goal is to ensure that every patient feels informed, comfortable, and confident throughout their treatment journey. As a member of the Indian Society of Vascular and Interventional Radiology (ISVIR), he stays updated with the latest advancements in minimally invasive care. Patients looking for safe, effective, and compassionate interventional radiology treatment in Pune can trust Dr. Prashant Gite for expert care.
