

DR. RUDRESHA AH

Consultant - Medical Oncology

Qualification

Dr. Rudresha. AH completed his MBBS from JJMMC, Davanagere. | MD in Internal medicine and from KIMS, Hubli. | DM In medical Oncology from Kimo, Oncology.

Overview

Dr. Rudresha AH is an accomplished consultant in Medical Oncology at Manipal Hospital, located in Malleshwaram, Bengaluru. His impressive educational background includes an MBBS degree from JJMMC in Davanagere, followed by an MD in Internal Medicine from KIMS in Hubli. Driven by his passion for oncology, he further pursued a DM in Medical Oncology from KIMS Oncology, solidifying his expertise in the field. Dr. Rudresha AH possesses a diverse range of skills, specialising in both medical oncology and internal medicine. His fluency in Kannada, English, and Hindi enables him to effectively communicate with a broad spectrum of patients, fostering understanding and facilitating optimal care. As an active contributor to the medical community, Dr. Rudresha AH has made notable presentations and publications. He has showcased his knowledge and expertise at esteemed conferences and workshops across the country and internationally. Some of his remarkable presentations include participation in the 17th National CME in Hematology held in Mumbai and the Toxicity Management in LAHNC conference in Bangalore. At the Basic GCP Workshop held in Bangalore, Dr. Rudresha AH took the opportunity to share his valuable insights into Good Clinical Practice (GCP). GCP serves as a crucial set of ethical and scientific standards that guide the design, conduct, and reporting of clinical trials. By participating in this workshop, Dr. Rudresha AH demonstrated his commitment to upholding the highest standards of research integrity and patient safety. He is an acclaimed oncology specialist in Bangalore. Furthermore, he made significant contributions to the International Conference on Haemato-oncology in August 2011, the Lymphomas and Leukemias 2012 European School of Oncology, the 3rd Asian Breast Cancer Congress in March 2012, and the Best of ASCO 12 in June 2012. In addition to his presentations, Dr. Rudresha AH has actively published papers in renowned medical journals. His notable contributions include a prospective study focusing on the efficacy and toxicity of 5-fluorouracil and cisplatin versus Taxane and Cisplatin as induction chemotherapy in locally advanced head and neck squamous cell cancer. This groundbreaking study was conducted in a regional cancer centre in India, shedding light on optimal treatment approaches for this challenging condition. Furthermore, Dr. Rudresha AH published a remarkable case study detailing a rare occurrence of oral synovial sarcoma in a child, which was accepted by the International Journal of Surgical Oncology (IJSO). Dr. Rudresha AH's impressive qualifications, extensive experience, and significant contributions to the field of oncology solidify his position as a leading consultant in Medical Oncology. His dedication to improving patient care, coupled with his ongoing involvement in research and education, makes him an invaluable asset to Manipal Hospital and the medical community as a whole.
