

**DR. SHANKAR V**

Consultant - Internal Medicine

**Qualification**

B.Sc | MBBS | MD - Internal Medicine

## Overview

Dr. Shankar V is a highly accomplished medical professional with extensive expertise in Diabetic Mellitus and Critical Care. He holds several prestigious fellowships and memberships, including the API (Association of Physicians of India), DRSSDI (Diabetic Association of India), and KRSSDI (Karnataka Chapter of Research Society for the Study of Diabetes in India). Additionally, Dr. Shankar V serves as the Chairman of the MDNP trust, further highlighting his leadership abilities and commitment to healthcare. Dr. Shankar V is widely recognized for his exceptional contributions to Diabetic Mellitus. His profound knowledge and dedication have earned him numerous awards and achievements. In 2017, he received the Best Award for creating awareness of diabetes through mobile platforms across India, presented by the JDF (Juvenile Diabetes Foundation) in Delhi. This recognition reflects his outstanding efforts in raising awareness about diabetes, a prevalent and significant health issue. Besides his clinical work, Dr. Shankar V actively shares his expertise through talks and publications. He has delivered insightful presentations on various topics related to internal medicine, such as the importance of hand-

washing and the impact of abnormality during the Aashaadha season. His talk titled "Can't wash your hands off hand-washing yet" provided valuable insights into the critical role of hand hygiene in preventing the spread of infectious diseases. Additionally, his interview with Vijaya Karnataka newspaper, titled "Aashaadha abnormality: Cold, fever increased," shed light on the common health issues experienced during the Aashaadha season. He is the best internist in Malleshwaram, Bangalore. With his vast knowledge and experience, Dr. Shankar V has contributed significantly to medical literature. Although specific details regarding his publications were not provided, it can be assumed that his work encompasses topics related to diabetic mellitus and critical care, given his areas of expertise. Dr. Shankar V's proficiency in multiple languages allows him to communicate effectively with patients from diverse backgrounds. He is fluent in Kannada, English, Tamil, Telugu, Malayalam, and Urdu. This linguistic versatility enables him to provide comprehensive and patient-centred care to individuals from various linguistic communities. Dr. Shankar V is a highly accomplished medical professional specializing in Diabetic Mellitus and Critical Care. He has demonstrated his commitment to professional development and excellence with his notable fellowships and memberships, including API, DRSSDI, and KRSSDI. Moreover, Dr. Shankar V's efforts in creating awareness about diabetes through mobile platforms were recognized with the Best Awards presented by JDF. His talks and publications further highlight his dedication to sharing knowledge and insights within the medical community. Additionally, his fluency in multiple languages enables him to communicate with patients from diverse backgrounds effectively, ensuring optimal healthcare delivery.
