

DR. NEELESH REDDY

Consultant - Medical Oncologist

Qualification

MBBS | MD | DM

Overview

Dr. Neelesh Reddy is a well-known medical oncologist in Malleshwaram, currently practising as a Consultant – Medical Oncology at Manipal Hospital Malleshwaram, Bangalore. Dr. Neelesh brings over 2 decades of extensive expertise in the evaluation, diagnosis, and personalised treatment of a wide spectrum of cancers using evidence-based and precision-driven oncology care. As one of the best medical oncologists in Malleshwaram, Dr. Reddy believes that effective cancer care extends beyond treatment protocols and includes emotional support, symptom management, nutritional guidance, and long-term follow-up. His calm and empathetic demeanour helps patients and families navigate the complexities of cancer diagnosis and treatment with confidence and trust. Dr. Neelesh's medical journey reflects a strong academic foundation combined with deep clinical experience in comprehensive cancer management. After completing his MBBS and MD in Internal Medicine, he pursued super-speciality training with a DM in Medical Oncology from the Cancer Institute, Adyar, Chennai. During this period, he demonstrated exceptional academic excellence, securing the top position in the final examinations under the Tamil

Nadu Dr. MGR Medical University. His academic achievements also include winning the Best Outgoing Student Award from Adyar Cancer Institute, highlighting his strong command of oncology principles, clinical reasoning, and patient-centred care. As a cancer specialist at Manipal Hospital Malleshwaram, Dr. Reddy plays a pivotal role in managing solid tumours and haematological malignancies through a structured, multidisciplinary approach. His clinical expertise spans the evaluation and treatment of breast cancer, lung cancer, gastrointestinal cancers, genitourinary malignancies, gynaecological cancers, head and neck cancers, and haematological cancers. He is particularly recognised for his proficiency in personalised cancer treatment, where therapeutic decisions are guided by tumour biology, molecular profiling, and patient-specific factors, enabling precision oncology with improved outcomes and reduced treatment-related toxicity. Dr. Neelesh Reddy has extensive experience in administering chemotherapy, immunotherapy, targeted therapies, and combination regimens tailored to disease stage and individual patient needs. His approach emphasises balancing efficacy with quality of life, ensuring patients receive optimal cancer control while maintaining functional independence and emotional well-being. He is also experienced in bone marrow transplantation and stem cell transplant care, working closely with multidisciplinary teams to manage pre-transplant evaluation, conditioning regimens, post-transplant complications, and long-term survivorship care. In addition to clinical practice, Dr. Reddy has made significant contributions to oncology research. He has served as a co-investigator in large multicentre international clinical trials, including metastatic colorectal cancer studies conducted across multiple countries. His published research spans high-impact topics such as chemotherapy-induced febrile neutropenia syndromes, cancer outcomes during COVID-19, paediatric Hodgkin lymphoma imaging strategies, molecular profiling in breast cancer, and rare hereditary cancer syndromes. These contributions reflect his commitment to advancing cancer care through data-driven insights and collaborative

research. Dr. Reddy is an active member of several prestigious professional organisations, including the Indian Medical Association, the European Society for Medical Oncology, the American Society of Clinical Oncology, the Indian Cooperative Oncology Network, and more. Through these affiliations, he remains updated with global advancements in oncology, ensuring his patients benefit from the latest therapeutic innovations and clinical guidelines. At Manipal Hospital Malleshwaram, Dr. Neelesh Reddy continues to contribute to academic teaching, mentoring undergraduate and postgraduate medical students and nursing professionals. His commitment to education, research, and patient-centric oncology care has reinforced his reputation as one of the best medical oncologists in Malleshwaram, trusted for delivering comprehensive, ethical, and personalised cancer treatment under one roof.
