

DR. BASAVARAJ KUNTOJI

Consultant - Internal Medicine

Qualification

MBBS - RGHUS | MD (GEN MED) | IDCCM | EDIC

Overview

Dr. Basavaraj Kuntoji is a highly qualified and experienced Internal Medicine Doctor in Malleshwaram. He holds an MBBS degree from RGHUS and has pursued an MD in General Medicine. With qualifications in IDCCM and EDIC, he has also completed specialised training in critical care medicine. He is additionally glad to be an individual from renowned clinical associations like the Indian Culture of Basic Consideration Medication (ISCCM) and the European Culture of Serious Consideration Medication (ESICM). Dr. Kuntoji has laid out a name for himself as an expert in various interior medication subspecialties. Intense febrile diseases are his subject matter, especially those welcomed by rickettsial contaminations, typhoid fever, and dengue fever. Due to his broad preparation and involvement with basic consideration medication, he can give total consideration to patients who are fundamentally sick. Dr. Kuntoji capably speaks with a changed patient gathering thanks to his familiarity with a few dialects, including Kannada, Hindi, English, and Telugu, guaranteeing the ideal consideration and understanding. Dr. Kuntoji has won numerous honours and awards during his career in recognition of his remarkable

contributions to medicine. Notably, at the APICON (Association of Physicians of India) Conference in Hyderabad, he received the Best Poster Presentation Award for researching obesity and restrictive pulmonary function tests. Dr. Basavaraj Kuntoji is one of the best physicians in Bangalore. He has also delivered talks and presentations on various topics related to internal medicine at national conferences, including those organized by KAPICON (Karnataka Chapter of the Association of Physicians of India) and the Cardiology Society of India. Dr. Kuntoji has demonstrated his devotion to information sharing and research through his various publications. His essays and publications have appeared in respected medical periodicals and journals, such as Intensive Care Medicine, the Annals of Emergency Medicine, and the Cardiology Society of India Journal. His research examines various topics, including multi-organ involvement in severe malaria and obesity-related cardiovascular symptoms as well as stress hyperglycemia in stroke. In addition to his clinical expertise and research contributions, Dr. Kuntoji actively spreads awareness and provides valuable insights on various health issues through media platforms. He has shared his expertise and opinions on topics related to COVID-19, diabetes management, influenza vaccination, and other relevant healthcare matters. Reputable newspapers like The Times of India, The New Indian Express, Hindustan Times, and Daily Hunt have featured his interviews and articles. Dr. Basavaraj Kuntoji is a caring and devoted doctor who has made and will keep on making huge commitments to the field of interior medication. Because of his broad information, association in the examination, and devotion to patient consideration, he has gained the appreciation of the two patients and partners.
