

DR. MAMATHA SWAMY

Consultant - OBG

Qualification

MBBS | MD (OBG)

Overview

Dr. Mamatha Swamy is a renowned gynaecologist in Bangalore who is currently practising as a Consultant - Obstetrics and Gynaecology at Manipal Hospital Malleshwaram, Bangalore. She pursued her MBBS at JSS Medical College, Mysore, where she also attended her compulsory rotating internship from August 1990 to August 1991 after the completion of her MBBS. Dr. Mamatha furthered her education by earning an MD in Obstetrics and Gynecology from M S Ramaiah Medical College, Bangalore, affiliated with the Rajiv Gandhi University, from August 1997 to August 2001. Her dedication to women's health is evident in her career trajectory, which includes various roles at esteemed institutions. Dr. Swamy has been associated with M S Ramaiah Medical College since September 2004, where she has held positions such as Senior Registrar, Lecturer, and Assistant Professor, and currently serves as an Associate Professor in the Department of Obstetrics and Gynecology since August 2013. She is a Good Gynecologist Bangalore. The skillset of Dr. Mamatha Swamy is diverse, including Basic Endoscopic Training, a Certified Course in Infertility, and a Fellowship in the Clinical Application of Ultrasound as a faculty at

M S Ramaiah Medical College, Bangalore. She continued to enhance her expertise with a certificate course in Ultrasound in collaboration with FOGSI and FMF India. In addition to her own medical training, Dr. Mamatha Swamy’s contributions to medical literature are similarly noteworthy. It includes several publications in esteemed journals, addressing crucial topics such as HIV prevention in pregnancy, predictors of H1N1 infection during pregnancy, the retrospective analysis of maternal mortality, and many more. Dr. Mamatha has also actively participated in paper presentations at national conferences, emphasising her commitment to advancing medical knowledge. Besides, Dr. Mamatha Swamy has guided and co-guided various postgraduate dissertations, focusing on topics such as thyroid disorders in gynaecology, labour analgesia, predictors of pre-eclampsia, renal disease in pregnancy, and so on. Dr. Mamatha Swamy is an expert in handling both complex and simple medical conditions. Her areas of interest include high-risk pregnancy, laparoscopy, ultrasound, infertility, and non-descent vaginal hysterectomy. Her commitment to professional development and patient care is well acknowledged. This is evidenced by Dr. Mamatha’s active membership in FOGSI, India, and BSOG Bangalore. Being a lifetime member of the Indian Menopausal Society and the Indian Medical Association (IMA), she always keeps on updating herself with the field advancements. Dr. Mamatha Swamy's dynamic career, extensive expertise, and continuous involvement in medical research and education underline her as a distinguished and compassionate healthcare professional dedicated to the well-being of women.
