

DR. PRABHUDEV M. SALANKI

Consultant – Urology

Qualification

MBBS | MS - General Surgery | FRCS - Urology | DNB - Urology/Genito - Urinary Surgery

Overview

Dr. Prabhudev M. Salanki is a highly accomplished Consultant – Urology at Manipal Hospital, Malleshwaram, bringing over three decades of extensive experience in India and abroad. His academic journey began with an MBBS from Government Medical College, Mysore, followed by an MS in General Surgery from Mahadevappa Rampure Medical College, Gulbarga. He went on to achieve an FRCS in Urology from the Royal College of Physicians and Surgeons, Glasgow, alongside DNB (Urology) and FEBU (Fellow of the European Board of Urology) credentials. He is the leading Urologist in Malleshwaram. Dr. Salanki’s professional career is distinguished by his nearly 20-year tenure as a Consultant Urologist in the United Kingdom’s National Health Service, where he was involved in cutting-edge clinical care, advanced surgical procedures, and training future urologists. His exposure to global best practices has shaped his expertise across a wide spectrum of urological conditions and procedures, enabling him to deliver world-class care to his patients in India. His key areas of specialisation include genitourinary surgery, minimally invasive and endourological procedures such as ureteroscopy, laser lithotripsy, percutaneous

nephrolithotomy (PCNL), and retrograde intrarenal surgery (RIRS). He is adept in robotic-assisted surgeries, offering precision and faster recovery for patients. Dr. Salanki has considerable expertise in uro-oncology, managing cancers of the prostate, bladder, and kidney, as well as performing laser prostate surgery, complex reconstructive urology, male infertility management, erectile dysfunction treatment, and urinary incontinence correction. He is deeply committed to delivering patient-centric care, ensuring each treatment plan is individualized, evidence-based, and designed for optimal outcomes. His approach combines advanced technology with a compassionate understanding of patient needs, reflecting his belief in holistic healing. Dr. Salanki's fluency in Kannada, English, and Hindi allows him to communicate effectively with a diverse patient base, ensuring clarity and comfort throughout the treatment journey. Over the course of his career, Dr. Salanki has been recognized for his contributions to the field, including awards for excellence in laparoscopic radical prostatectomy and cystectomy. He has presented and participated in numerous national and international conferences, furthering advancements in urology and sharing his expertise with peers. Beyond his clinical role, he is actively engaged in training young surgeons and has been involved in academic teaching programs both in India and the UK. His memberships with the Karnataka Medical Council, Urological Society of India, British Medical Association, and General Medical Council (UK) underscore his professional credibility and adherence to the highest ethical and medical standards. At Manipal Hospital, Malleshwaram, Dr. Salanki leverages his vast experience to offer advanced diagnostic and therapeutic solutions for the entire spectrum of urological disorders. Whether managing complex cancer surgeries, performing minimally invasive stone removal, or addressing functional urological conditions, he ensures that patients receive the best possible care with the least discomfort and downtime. With a career marked by skill, dedication, and compassion, Dr. Prabhudev M. Salanki continues to be a trusted name in urology, committed to

improving the quality of life of his patients through innovation, expertise, and unwavering ethical practice.
