Qualification

MBBS | MS Orthopaedics (Gold Medal) | Senior Registrar & Spine Fellow, Vitus Spine, BMJH | Fellowship in Spine Surgery (RGUHS)–BMCRI, Bengaluru | Fellowship in Endoscopic Spine Surgery (AO Spine Center), SchönClinic, Munich, Germany

Overview

Dr. Ravi Varma V N is a highly accomplished spine and orthopaedic surgeon in Malleshwaram, Bangalore. He brings over 8+ years of clinical experience in endoscopic spine surgery, minimally invasive and microscopic spine procedures, spinal deformity corrections, and complex orthopaedic trauma care. Dr. Ravi Varma is currently practising as a Consultant – Spine Care at Manipal Hospital Malleshwaram, Bangalore, where he provides comprehensive, evidence-based surgical and non-surgical care for patients with a wide range of degenerative, traumatic, and infective spine disorders. Recognised for his patient-centred approach and structured treatment philosophy, Dr. Ravi Varma is regarded as the top spine surgeon in Malleshwaram, Bangalore. Dr. Ravi Varma completed his foundational MBBS from JJM Medical College, Davangere, followed by an MS in Orthopaedics from JSS Medical College and Hospital, Mysuru, where he graduated as a University Gold Medalist. Committed to mastering advanced keyhole spine techniques, he completed an RGUHS

Fellowship in Spine Surgery at Bangalore Medical College and Research Institute (BMCRI) and a specialised Spine Fellowship at Vitus Spine, Bhagwan Mahaveer Jain Hospital. To align his practice with international benchmarks, he earned a Fellowship in Endoscopic Spine Surgery (FIESS) at the prestigious AO Spine Centre, Schön Clinic, Munich, Germany, and was awarded the Global Outreach Programme Fellowship by the Scoliosis Research Society (SRS), USA. At Manipal Hospital Malleshwaram, Dr. Ravi Varma manages a comprehensive spine and orthopaedic care suite. His clinical expertise covers full endoscopic spine surgery, microscopic lumbar discectomy, minimally invasive spinal stabilisation, scoliosis and kyphosis deformity corrections, and artificial disc preservation. He possesses specialised proficiency in treating herniated discs, spinal stenosis, spondylolisthesis, spinal cord injuries, complex polytrauma and in performing joint replacement surgeries. A dedicated academician and researcher, Dr. Ravi Varma serves as an Assistant Professor and Spine Consultant at BMCRI, actively training RGUHS spine fellows and orthopaedic residents. He has authored multiple peer-reviewed publications in national and international journals on lumbar disc prolapse management, discectomy outcomes, and complex fracture fixation modalities. He holds active memberships in the Association of Spine Surgeons of India (ASSI), Karnataka Orthopaedic Association (KOA), Bangalore Spine Society (BSS), and Bangalore Orthopaedic Society (BOS). Fluent in English, Kannada, Telugu, and Hindi, Dr. Ravi Varma couples his technical surgical precision with an approachable and clear communication style. He prioritises patient empowerment through detailed diagnostic explanations, transparent surgical timelines, and dedicated rehabilitation pathways. By focusing on precise diagnosis, personalised treatment plans, and long-term patient outcomes, Dr. Ravi Varma has become one of the top spine surgeons in Malleshwaram, Bangalore.
