

DR. V HARI BABU

Associate Consultant - Orthopaedics

Qualification

MBBS | DNB (Ortho)

Overview

Dr. V Hari Babu is a skilled and compassionate orthopaedic surgeon in Malleshwaram, Bangalore. He brings over 12+ years of rich clinical experience in general orthopaedics, joint replacement surgery, arthroscopy, and complex trauma care. Dr. Hari Babu is currently practising as an Associate Consultant - Orthopaedics at Manipal Hospital Malleshwaram, Bangalore, where he provides comprehensive, evidence-based surgical and non-surgical care for patients with a wide range of joint, bone, and ligament disorders. Recognised for his empathetic and holistic treatment philosophy, Dr. Hari Babu is regarded as one of the top orthopaedic surgeon in Malleshwaram, Bangalore. Dr. Hari Babu completed his foundational MBBS from the Kurnool Medical College, Andhra Pradesh. Driven by a commitment to surgical excellence, he completed his post-graduate DNB in Orthopaedic Surgery at Mallya Hospital, Bangalore. To further hone his subspecialty expertise, he completed advanced Fellowship Training Programs in Joint Replacement (Arthroplasty) and Arthroscopic Keyhole Surgery. At Manipal Hospital Malleshwaram, Dr. Hari Babu manages a comprehensive orthopaedic and trauma care suite. His clinical

expertise covers Total Knee Replacement (TKR), Total Hip Replacement (THR), shoulder surgeries, and sports-related joint preservation. He possesses specialised proficiency in performing complex ligament reconstructions, arthroscopic knee and shoulder procedures, managing polytrauma cases, and handling complex fracture fixations. Dr. Hari Babu is experienced in managing patients with arthritis, fractures, tendon and ligament injuries, degenerative joint disorders, and complex musculoskeletal conditions using evidence-based surgical and non-surgical treatment approaches. Committed to delivering high-quality orthopaedic care, Dr. Hari Babu continues to stay updated with evolving surgical techniques and modern treatment protocols. His focus on clinical excellence, compassionate care, and long-term functional outcomes has earned him the trust of patients seeking specialised orthopaedic treatment. Fluent in English, Hindi, Telugu, and Kannada, Dr. Hari Babu couples his technical surgical skill with an approachable, compassionate, and patient-centred communication style. He prioritises patient empowerment through clear diagnostic explanations, transparent surgical timelines, and dedicated post-operative care.
