

DR. NAGESH H E

Consultant - Cardiology

Qualification

MBBS | MD (Gen Medicine) | DNB Cardiology

Overview

Dr. Nagesh H E is a highly experienced cardiologist in Bangalore, practising as a Consultant - Interventional Cardiology at Manipal Hospital Malleshwaram. With a career spanning decades, he has earned a reputation for his expertise in performing Primary, Elective, and Complex Coronary Interventions, Pacemaker Implantations, and managing Structural Heart Diseases. His commitment to delivering high-quality care and improving patient outcomes has established him as a prominent figure in the field of interventional cardiology. Dr. Nagesh began his medical journey with an MBBS degree from JSS Medical College, Mysore University. He further pursued his MD - Internal Medicine from Karnataka University, Dharwad. His passion for cardiology led him to obtain a DNB - Cardiology from the National Board of Examinations, New Delhi. The robust educational background has provided Dr. Nagesh H E with the foundation to manage a wide range of cardiovascular conditions and perform advanced cardiac interventions. Throughout his career, Dr. Nagesh H E has held esteemed positions as a Consultant and Associate Consultant at several leading medical institutions, contributing significantly to the

field of cardiology. He has played an instrumental role in various clinical trials, serving as a Co-Investigator in the FUSION II Trial and the Early ACS Therapy Trial. His contributions to the development of STEMI guidelines for India in 2012-2013 have further highlighted his dedication to advancing cardiac care at a national level. Dr. Nagesh has a keen interest in preventive cardiology which has led him to deliver numerous lectures and talks on cardiac interventions, hypertension, and heart disease prevention at various national and international platforms. He has made significant contributions to cardiology research and education. He presented a poster on "LM Intervention" at the prestigious AICT Congress in Taipei in September 2016, reflecting his commitment to sharing knowledge and advancing cardiology practices. With fluency in multiple aspects of interventional cardiology, Dr. Nagesh remains dedicated to providing exceptional patient care, advancing cardiology practices, and promoting cardiovascular health through education and clinical innovation. His work has not only enhanced the standards of cardiac care but also contributed to the continuous improvement of cardiovascular treatment methodologies.
