

## **DR. KRISHNA PRASAD SHETTY**

Consultant - Plastic and Reconstructive Surgery

### **Qualification**

MBBS | MS General Surgery | DrNB Plastic & Reconstructive Surgery

### **Overview**

Dr. Krishna Prasad Shetty is a highly skilled Plastic, Cosmetic, and Reconstructive Surgeon with a strong focus on using advanced techniques to achieve exceptional patient outcomes. Dr Krishna Prasad Shetty's educational journey started with obtaining an MBBS from Mysore Medical College, followed by a Master of Surgery in General Surgery from SDM College of Medical Sciences, Dharwad. He further strengthened his medical knowledge by getting a Doctor of National Board (DrNB) in Plastic & Reconstructive Surgery from South Eastern Railway Central Hospital in Kolkata. His expertise spans a wide range of procedures, specialising in laser surgery for conditions such as varicose veins, pilonidal sinus, and lymphedema. He is also proficient in laser liposuction and various other laser-based cosmetic procedures, offering patients minimally invasive options for aesthetic enhancements. His proficiency extends to microvascular reconstructive surgery, a testament to his precision and advanced surgical skills. Throughout his career, Dr. Krishna Prasad Shetty has held prestigious roles, including Assistant Professor positions in both General and Plastic Surgery at institutions in Hubli. He has also served as a

Consultant Plastic & Reconstructive Surgeon at a renowned hospital in Kolkata. Currently, he serves as an Assistant Professor in the Department of Plastic & Reconstructive Surgery. A dedicated academic, Dr. Krishna Prasad Shetty has contributed to the field through research and presentations, including an international paper on Cleft Lip and Palate presented in Edinburgh, Scotland. His commitment to both patient care and medical education makes him a respected figure in the field of plastic and reconstructive surgery.
