

## DR. NARENDRA V

Consultant - Cardiovascular and Thoracic Surgery

### Qualification

MBBS | MS (General Surgery) | DNB (General Surgery) | M. Ch (CTVS)

### Overview

One well-known physician, Dr. Narendra R. V., specialises in difficult congenital heart surgeries, aortic surgeries, VATS (Keyhole Lung Surgery), lobectomy and decortication, coronary artery bypass surgery (CABG), and minimally invasive cardiac surgery (keyhole surgery). He also does various treatments such as aortic and mitral valve replacements, pneumonectomy, ventricular assist systems (artificial hearts), heart and lung transplants, and aortic and mitral valve surgeries. As a top cardiothoracic surgeon in Bangalore, Dr. Narendra R V is a seasoned doctor, and he is known for his precision and attention to detail skills. His diagnoses are always precise, and he is extremely amicable with patients. He has this ability to empathise with his patients, which makes him an extraordinary doctor. There have been times when he had to face difficult medical crises, but he confronted them all with clear-headedness and determination. Being a cardiologist has helped him gain immense knowledge and accumulate a vast array of information and skills that are a requirement in this particular medical field. He has experience amassing over 24 years, which includes 10 years as a specialist in the fields of cardiothoracic and vascular surgery. Dr. Narendra R V completed his MBBS from Bangalore Medical College and Research Institute, Bangalore, in the year 1998. He then proceeded to do an MS in General Surgery from Byramjee Jeejeebhoy Government Medical College & Sasson General Hospital, Pune, in the year 2005. In the year 2009, he completed his MCh Master of Chirurgiae (General Surgery) in Cardio Thoracic and Vascular Surgery (CTVS) from Topiwala National Medical College & BYL Nair Charitable Hospital. Dr. Narendra R V is fluent in languages such as Kannada, English, Telugu, Marathi and Hindi. This has helped him interact with patients easily and amicably. He is an important member of the medical community and is part of numerous vital bodies in the medical field. He is a member of the Indian Association of Cardiovascular and Thoracic Surgery and the Karnataka Association of Cardiovascular & Thoracic Surgery. Additionally, he is a member of the Indian Association of Minimally Invasive Cardiac Surgery and the Association of Surgeons of India. The Indian Association of Minimally Invasive Cardiac Surgery is a professional organisation dedicated to promoting and advancing the field of minimally invasive cardiac surgery in India.
