

**DR. VEENA YAGNA**

Consultant - ENT

**Qualification**

MBBS | DNB - Otorhinolaryngology

## Overview

Dr. Veena Yagna is a highly skilled ENT specialist and a valued medical team member at Manipal Hospitals, located on Millers Road in Bengaluru. With diverse qualifications and expertise, Dr. Yagna aims to provide comprehensive care to her patients. Dr. Veena Yagna holds an MBBS degree and has completed DNB in Otorhinolaryngology, indicating her strong educational background. She has also pursued specialised training through a fellowship in Allergy, further enhancing her knowledge and skills in this area. Being a Fellow of the Indian College of Allergy Asthma and Applied Immunology (ICAAI) and a member of the Association of Otolaryngologists India (AOI), she remains updated with the latest advancements in her field. With a broad range of expertise, Dr. Veena Yagna specialises in various aspects of ENT care. She is particularly experienced in managing cases related to allergies, including allergic rhinitis and nasal and sinus allergy care. Dr. Yagna also has extensive knowledge in managing vertigo, a condition characterised by dizziness and imbalance. Additionally, she is proficient in handling Paediatric ENT cases, ensuring specialised care for young patients. Dr. Veena Yagna is also

well-versed in performing various surgical procedures. She is skilled in Nasal Septum Surgery, which involves correcting structural abnormalities of the nasal septum to improve breathing and alleviate related symptoms. Another area of her expertise is Functional Endoscopic Sinus Surgery (FESS), a minimally invasive technique for treating chronic sinusitis and other sinus-related disorders. Furthermore, Dr. Yagna is proficient in Ear Micro Surgery, Tonsil Surgery, Thyroid Surgery, and Vocal Cord and Voice Surgery. Being fluent in English, Hindi, Kannada, and Telugu, Dr. Veena Yagna can effectively communicate with patients from diverse linguistic backgrounds, ensuring clear understanding and optimal care. Dr. Veena is the best ENT specialist in Millers Road, Bangalore. Dr. Yagna's contributions to the medical community extend beyond her clinical practice. She has delivered talks on Allergic Rhinitis and Skin Prick Allergy Test Sublingual Immunotherapy at multiple national platforms, sharing her knowledge and insights with fellow professionals. In addition, she presented a case report on Laryngeal Papilloma at the International Laryngology Conference in 2017, showcasing her dedication to research and education. One of Dr. Veena Yagna's notable contributions involves exploring the role of testing for neutrophilic disease versus eosinophilic disease in allergic rhinitis and asthma. Her research investigates the impact of these different disease types on treatment protocols, providing valuable insights for optimising patient care. With her exceptional qualifications, expertise, and dedication to patient care, Dr. Veena Yagna is an integral part of the medical team at Manipal Hospital. Her commitment to advancing the field of ENT and her passion for providing comprehensive care make her an invaluable asset to the healthcare community.
