

DR. K S SATISH

Consultant - Pulmonology

Qualification

MD | DNB | FRCP

Overview

Dr. K. S. Satish is an experienced pulmonologist in Bangalore with over 40+ years of clinical expertise in the diagnosis, management, and treatment of respiratory illnesses. He is currently practicing as a Consultant - Pulmonology at Manipal Hospital Millers Road. Dr. Satish has made significant contributions to the field of pulmonology through clinical excellence, public education, and medical research. He has a special focus on asthma, chronic obstructive pulmonary disease (COPD), interstitial lung disease (ILD), sarcoidosis, tuberculosis (TB), and other chest infections. Dr. Satish is also widely recognised for his proficiency in sleep medicine and the treatment of respiratory sleep disorders. A graduate of JJ Medical College, Davangere, Dr. Satish completed his MD in Internal Medicine with distinction and a gold medal from Bangalore Medical College in 1985. The following year, he earned his DNB in General Medicine from the National Board of Examinations in New Delhi. He later obtained his MRCP and FRCP from the Royal College of Physicians in London. His strong academic foundation is complemented by hands-on clinical experience and international exposure. At Manipal Hospital Millers Road, Dr. Satish

leads a multidisciplinary approach to respiratory care. He uses evidence-based medical strategies for complex chest diseases and emphasises holistic care for patients with chronic respiratory conditions. His expertise extends to managing TB and HIV co-infections, and he has over two decades of dedicated experience treating HIV, its associated comorbidities, and complications. Dr. Satish is a highly sought-after speaker at national and international medical forums. He is frequently invited to present at conferences, workshops, and continuing medical education (CME) programs focusing on chest diseases, sleep disorders, and HIV care. He also actively engages with the media to spread awareness on TB, HIV, and respiratory health, thereby playing a key role in community education and disease prevention. A dedicated researcher, Dr. Satish has served as the principal investigator for numerous national and international clinical trials. He has authored and co-authored over 25 peer-reviewed journal publications, making significant contributions to academic medicine. His clinical interests include pulmonology and HIV medicine, with a focus on innovation in care delivery and improved patient outcomes. Dr. Satish’s affiliations include prestigious medical societies such as the British Thoracic Society (BTS), the Royal College of Physicians, the Indian Academy of Allergy, the Chest Council of India, and the Karnataka Pulmonologist Association. He has also served in leadership roles, including President – The Karnataka Pulmonology Association and Patron - The Chest Council of India, demonstrating his commitment to advancing respiratory medicine.
