

DR. ABHISHEK M

Consultant - Internal Medicine

Qualification

MBBS | MD (General Medicine)

Overview

Dr. Abhishek M., an internal medicine consultant with extensive training and expertise, works at Manipal Hospital, Miller's Road, Bangalore. Dr. Abhishek M. possesses various qualifications and is committed to providing his patients with the greatest medical care. In 2010, Dr. Abhishek completed his MBBS graduation from Rajiv Gandhi University of Health Sciences. In 2015, he completed his MD in general medicine at Rajarajeswari Medical College and Hospital. He has vast expertise and awareness in the medical area because of his lengthy school background. With over 13+ years of professional experience, including 10+ years as a specialist in Internal Medicine, Dr. Abhishek M. has demonstrated exceptional expertise in diagnosing and treating a wide range of medical conditions. He is proficient at tackling complex issues and furnishing his patients with the best consideration. A specialist in medication with familiarity with English, Hindi, Marwari, Kannada, Tamil, Urdu, Telugu, and Sanskrit, Dr. Abhishek's capacity to speak with patients from various social foundations directly and exactly is made conceivable by his capacity to communicate in numerous languages. Dr. Abhishek M has actively engaged in several

lectures and publications, demonstrating his dedication to lifelong learning and information sharing. Under the direction of Dr. Mamatha B. Patil, he worked on a dissertation examining the relationship between clinical factors and serum High Sensitivity C-Reactive Protein (HSRCP) as a predictor of the severity of illness in Chronic Obstructive Pulmonary illness (COPD). This study demonstrates his commitment to inquiry and the advancement of knowledge. For the same reason, he is considered to be the foremost internal medicine doctor in Bangalore. Dr. Abhishek M has also contributed valuable case reports to the medical community. One such report, published in the ESIC Journal of Medical Sciences in January 2013, explores Adult-Onset Henoch Schonlein Purpura. Another report published in the Journal of Medical Sciences, Rrmch in January-April 2013, delves into the case of Atherosclerotic Renal Artery Stenosis with a single functioning kidney. Furthermore, he published a case report on Megaloblastosis with an unusual presentation of gum bleeding. His publication in the Jaypee Journal is of particular interest, where he investigates the role of High-Sensitivity C-Reactive Protein as a predictor of the severity of Chronic Obstructive Pulmonary Disease about clinical parameters. These contributions demonstrate Dr. Abhishek M's dedication to enhancing medical knowledge and patient care. Dr. Abhishek M has made a name for himself as a credible and trustworthy consultant in Internal Medicine, thanks to his substantial credentials, breadth of experience, and commitment to lifelong learning. His patients may rely on him to offer qualified medical guidance, a prompt diagnosis, and effective treatment, assuring their well-being and best possible health.
