

DR. LOHITH S

Consultant - Urology and Renal Transplant Surgery

Qualification

MBBS | DNB (General Surgery) | MCh (Urology) | DrNB (Urology) | Fellowship in Urooncology & Robotic Surgery | Fellowship in Renal Transplant Surgery

Overview

Dr. Lohith S is an experienced urologist in Bangalore, with specialised training in uro-oncology and robotic surgery. He is currently practising as a Consultant - Urology and Renal Transplant Surgery at Manipal Hospital, Millers Road. With a strong foundation in general surgery and urology, Dr. Lohith has extensive expertise in endourology, laparoscopic surgery, uro-oncology, and advanced robotic and minimally invasive techniques. His clinical proficiency spans both benign and malignant urological conditions, and he is deeply committed to delivering patient-centric care. Dr. Lohith combines technical precision with compassionate practice, ensuring his patients receive advanced and comprehensive urological treatment. He is the best Urologist & Robotic Surgeon in Millers Road. After completing his MBBS from Mahadevappa Rampure Medical College, Gulbarga, Dr. Lohith pursued his postgraduate training with a DNB in General Surgery at Bhagwan Mahaveer Jain Hospital, Bangalore. His deep interest in urology led him to pursue an MCh - Urology from Gandhi Medical College, Hyderabad, followed by a DrNB - Urology from the

National Board of Examinations, New Delhi. He further honed his skills through a Fellowship in Urooncology and Robotic Surgery at the Basavatarakam Indo American Cancer Hospital and Research Institute, where he also earned an Intuitive Certificate of Training Equivalency as a Console Surgeon on the Da Vinci robotic platform. Dr. Lohith's clinical interests include robotic partial and radical nephrectomy, prostate cancer surgery, minimally invasive stone disease management, and advanced endoscopic procedures such as PCNL, mini-PCNL, Holep,TURP, TURBT, ureteroscopy, and laser lithotripsy. He is especially known for his work in complex oncological surgeries, reconstructive urology, and kidney transplantation. His surgical experience is enriched by numerous presentations and video demonstrations at national and international conferences, including podium appearances at UAA (Bali), USICON, SUZICON, and SOGOCON. In addition to clinical practice, Dr. Lohith has also contributed significantly to medical literature, co-authoring multiple peer-reviewed publications, including studies on robotic partial nephrectomy outcomes, urethral stricture diagnosis, and renal stone management in horseshoe kidneys. Dr. Lohith remains an active researcher, constantly engaged in evaluating surgical innovations and improving patient outcomes. Dr. Lohith is a top urologist in Bangalore, known for his calm demeanour, patient communication skills, and dedication to surgical excellence. His ability to simplify complex procedures and guide patients through their treatment journey with empathy has earned him the trust of both patients and peers.

Fellowship & Membership

- Fellowship in Urooncology and Robotic Surgery (Basavatarakam Indo American Cancer Hospital)
- Intuitive Da Vinci Console Surgeon Certification

Field of Expertise

- Urooncology (Bladder, Prostate, Kidney, Testicular Cancers)
- Robotic Urological Surgeries
- Endourology
- Laparoscopic Urology
- Renal Transplantation
- Laser Surgery

Languages Spoken

- English
- Kannada
- Hindi
- Telugu
- Tamil

Awards & Achievements

- Multiple 1st & 2nd prize awards for paper & poster presentations at ASICON, KSCASICON, SSBASI, SUZICON, UAA, KUACON, SOGOCON
- Poster: Segmental absence of intestinal musculature – a rare presentation in an adult – 1st prize ASICON 2018-Chennai, 1st prize KSCASICON 2019-Bellary
- Paper: Mesh, Oh what a mess? – 1st prize SSBASI-Bangalore, 2nd prize ASICON 2018 - Chennai, 1st prize KSCASICON 2019-Bellary
- Paper: Microsurgery? No, it's supermicrosurgery! – 2nd prize – Mysore State Best PG Paper Award, Selected for Best State Chapter award ASICON 2019-Orissa
- Paper: Laparoscopic VS Open inguinal hernia repair – 1st prize

in free paper section ASICON 2018-Chennai

- Poster: A rare presentation of a fallopian tube in an inguinal hernia presented at ASICON 2018 – Chennai.
- Video presentation: Laparoscopic TEP repair using a single large mesh. ASICON 2018, Chennai.
- Paper: Predictive value of preoperative factors and biomarkers for post-PCNL systemic inflammatory response syndrome. SUZICON-2023, Kovalam, Kerala
- Poster: Rare case of Penile Strangulation of a Hammer Head – SUZICON – 2023, Kovalam, Kerala.
- Paper: Impact of Neoadjuvant Chemotherapy on Survival and Treatment Response in Muscle Invasive Bladder Cancer: A Retrospective Study USI-Uroonco Conference 2024-
- Ahmedabad)
- Paper: Beyond Traditional Boundaries: Success Rates of Partial Nephrectomy in T1b and T2 Renal Tumours – SOGOCON (Society of Genitourinary Oncosurgeons – 2024 Kolkata)
- Poster: Outcomes of Locally Advanced carcinoma penis in a tertiary care center SOGOCON(Society of Genitourinary Oncosurgeons-2024 Kolkata
- Podium Poster Presentation: Seeing Green to Beat the Blues – Role Of ICG in Urinary Diversion – Urological Association Of Asia (UAA) Conference 2024, Bali, Indonesia
- Podium Poster Presentation: Simultaneous Robot-Assisted Partial Nephrectomy (RAPN) – for Synchronous bilateral Renal Tumours: A Single Institution Experience, Urological Association Of Conference 2024, Bali, Indonesia
- Free Poster Presentation: Robotic Heninephrectomy in Patients with Large Renal Masses, Urological Association Of Asia(UAA) Conference 2024, Bali, Indonesia
- Free Poster Presentation: Robotic - Urological Association Of Asia(UAA) Cconference 2024, Bali, Indonesia
- Video Podium Presentation: Robotic Nerve Sparing

Retroperitoneal Lymph Node Dissection in a 29 year Old Male with Mixed Germ Cell Tumor-- Urological Association Of
- Asia (UAA) Conference 2024, Bali, Indonesia
- Video Presentation: Advancing Testicular Cancer Treatment – the Role of Robotic Surgery, Society of International Urology Conference – 2024 , New Delhi, India
- Paper Presentation: Advancing Kidney Cancer Treatment: Embracing Partial Nephrectomy Treatment for T1b and T2 tumors
- Best Video Category: Shining Light On Uro-oncology – The Impact Of ICG – Karnataka
- Urology Conference KUACON-2024, Wayanad, Kerala
- Poster: Management of Mycotic Pseudoaneurysm and graft loss following deceased donor renal transplantation - A complex case report Kochi, Kerala, May 2025
- Redefining renal transplantation – Comparative outcomes of robotic versus open renal transplant recipient surgeries – A single-centre experience, Kochi, Kerala May 2025

Talks & Publications

- 21 National & International presentations across ASICON, UAA, SIU, SUZICON, etc.
- 3 indexed publications, including World Journal of Urology
- Comparing the Diagnostic Accuracy of Sonourethrogram and Retrograde Urethrogram in Anterior Urethral Strictures: Dr Lohith S, Dr G Ravi Chander, Dr Vinay Ausekar, Dr Siva kumar , Dr Manpreet Singh, Dr Sravan Kumar
