

DR. DEEPALI

Consultant – Endocrinology and Diabetology

Qualification

MBBS | MD (General Medicine) | DNB (General Medicine) | DrNB (Endocrinology)

Overview

Dr. Deepali is a dedicated Consultant – Endocrinology and Diabetology at Manipal Hospital Millers Road, specialising in the diagnosis and management of hormonal and metabolic disorders. With advanced training in endocrinology, diabetes care, and metabolic medicine, she has developed expertise in treating conditions such as diabetes mellitus, thyroid disorders, obesity, pituitary diseases, and parathyroid disorders. Dr. Deepali focuses on delivering evidence-based, patient-centred care to help patients effectively manage chronic endocrine conditions and improve long-term health outcomes. Dr. Deepali completed her MBBS from Father Muller Medical College under Rajiv Gandhi University of Health Sciences, followed by an MD in General Medicine from Bangalore Medical College and Research Institute. She further strengthened her clinical training with a DNB in General Medicine and subsequently pursued a DrNB in Endocrinology from Narayana Hospitals, Bengaluru, gaining extensive exposure to complex endocrine disorders, diabetes management, and advanced endocrine diagnostics. During her clinical training and residency, Dr. Deepali gained experience managing a wide spectrum of endocrine and

metabolic conditions, including diabetes, thyroid disorders, metabolic bone disease, pituitary abnormalities, and obesity-related endocrine problems. She has also been actively involved in research and academic work, contributing to studies on endocrine disorders and metabolic complications and presenting papers and posters at major national conferences such as ESICON, ISPAE, Thyrocon, and Hormone Rhythm. Dr. Deepali's academic contributions include multiple peer-reviewed publications and research presentations in endocrinology and internal medicine, with a strong focus on improving clinical outcomes through early diagnosis and multidisciplinary care. Recognised for her dedication to patient care, she was felicitated by the Karnataka Lokayuktha for her service during the COVID-19 pandemic. With her commitment to continuous learning and patient-focused treatment, Dr. Deepali strives to provide comprehensive diabetes and endocrine care in Bangalore.
