

DR. INDRANIL GHOSH

Consultant - Neuroanaesthesiology Neurointensive Care Pain and Palliative Care Specialist

Qualification

MBBS | MD | DNB | DM

Overview

Dr. Indranil Ghosh is a distinguished consultant specialising in Neuroanaesthesiology, Neurointensive Care, Pain and Palliative Care at Manipal Hospitals, Mukundapur. With a comprehensive educational background including MBBS, MD, DNB, and DM degrees, Dr. Ghosh has honed his expertise through rigorous training and clinical practice. He is particularly renowned for his adeptness in administering anaesthesia for complex neurological surgeries, ensuring meticulous monitoring of neurological functions during procedures on the brain and spine. He is the best Anesthesiologist in Kolkata. Dr. Ghosh's professional focus extends to the critical care of patients with neurological disorders such as stroke, traumatic brain injury, and brain haemorrhage. He employs advanced monitoring techniques and therapeutic interventions to manage these critically ill patients effectively and prevent complications. In addition to his roles in Neuroanaesthesia and Neurointensive Care, Dr. Ghosh is deeply committed to enhancing the quality of life for patients suffering from chronic pain, terminal illnesses, or severe injuries through palliative care. His compassionate approach and dedication to relieving pain and improving patient

outcomes underscore his commitment to comprehensive healthcare. Fluent in Bengali, English, Hindi, and Gujarati, Dr. Ghosh ensures effective communication with patients from diverse linguistic backgrounds, thereby fostering a supportive and empathetic patient-care environment. Dr. Indranil Ghosh's contributions to his field are further evidenced by his affiliations with prestigious medical societies such as the Indian Society of Anaesthesiologists (ISA) and the Indian Society of Neuroanaesthesiology and Critical Care (ISNACC). His leadership as the former Vice President of ISNACC and active participation in talks and publications highlight his role as a thought leader in Neuroanaesthesiology and Critical Care Medicine.
