

DR. SHELLEY SHAMIM

Consultant Pulmonary Medicine Specialist

Qualification

MBBS | MD (Pulmonary Medicine)

Overview

With an impressive 19 years of experience working in this field, Dr. Shelley Shamim brings forth his proficient skills as a consultant specialist in the Pulmonary Medicine Department of Manipal Hospitals, Mukundapur, Kolkata. He completed his MBBS degree, followed by an MD in Pulmonary Medicine, where he graduated as the university topper. As a dedicated and compassionate medical professional, Dr. Shamim is committed to simplifying the complexities of healthcare, particularly in the realm of Respiratory Medicine. He worked in various prestigious hospitals in Kolkata, gaining expertise as a chest physician, pulmonologist, and tuberculous and chest diseases specialist. Dr. Shamim has a profound interest in a variety of respiratory conditions, including tuberculosis, asthma, chronic obstructive pulmonary disease (COPD), cough, interstitial lung disease (ILD), and Critical Care in Respiratory Medicine. He is known for his holistic approach to treatment, ensuring that his patients receive advanced medical care in a comfortable and supportive environment. His expertise in these areas is widely recognised, making him a sought-after speaker at national and state-level conferences. Additionally, Dr. Shamim has a

strong academic background and served as an associate professor at a reputed medical college. His professional affiliations are extensive and include memberships in the Indian Medical Association (IMA), the Indian Chest Society (ICS), and the West Bengal Medical Council (WBMC). Dr. Shamim is not only committed to patient care but also to advancing medical knowledge and education. He has authored several publications and articles, contributing valuable research to both national and international journals. Dr. Shamim's dedication to Respiratory Medicine, his compassionate patient care, and his ongoing contributions to medical education and research solidify his reputation as a renowned Pulmonologist in Kolkata. His fluency in English, Bengali, and Hindi also allows him to provide comprehensive and empathetic care to a diverse patient population.
