

DR. INDRANIL BHATTACHARYYA

Consultant - Opthalmology Specialist

Qualification

MBBS | DO | MS (Ophthalmology)

Overview

Dr. Indranil Bhattacharya is a highly reputed Ophthalmologist with an illustrious career spanning over 33 years. He completed his MBBS degree from the esteemed Medical College, Calcutta, Calcutta University, followed by his DO in Ophthalmology from RIO, Calcutta University. Dr. Bhattacharya furthered his specialisation with an MS degree in Ophthalmology from MLN Medical College, Allahabad University, and later pursued a Fellowship in Contact Lenses from L.V. Prasad Eye Institute, Hyderabad. He is the foremost Eye Specialist in Mukundapur, Kolkata. Throughout his career, Dr. Bhattacharya has served as a visiting Consultant at various prestigious institutions, including Manipal Hospitals in Mukundapur, Kolkata, where he has contributed his expertise for the past 12 years. Dr. Bhattacharya is recognised as a comprehensive Ophthalmologist and skilled Eye Surgeon, specialising in Cataract Phaco Surgery, Glaucoma Treatment, Oculoplasty, and Eyelid Surgery, as well as Lacrimal System Surgery. His dedication to advancing eye care is evident through his active involvement in these specialised areas, ensuring his patients receive the highest standard of treatment. Beyond his clinical practice, Dr.

Bhattacharya remains committed to enhancing his skills and knowledge in Ophthalmology. He participates in continuing medical education programs and is often invited to speak at national and international conferences. He is a life member of the All India Ophthalmological Society (AIOS) and the Ophthalmological Society of West Bengal (OSWB). His contributions to the field are further underscored by his role in training and mentoring aspiring ophthalmologists. Dr. Bhattacharya has fluency in English, Bengali, and Hindi, which helps in effectively communicating with a diverse population of the state, thereby enhancing patient outcomes. Dr. Indranil Bhattacharya's unwavering commitment to patient care and his extensive experience make him a renowned and trustworthy doctor in the field of Ophthalmology. His compassionate approach and expertise continue to positively impact the lives of his patients, earning him respect and admiration among peers and patients alike.
