

DR. ANGSHUMAN MUKHERJEE

Senior Consultant - Pulmonary Medicine Specialist

Qualification

MBBS | MD (Pulmonary Medicine) | European Diploma in Adult Respiratory Medicine (HERMES)

Overview

Dr. Angshuman Mukherjee is an esteemed senior consultant in Pulmonary Medicine, currently serving at Manipal Hospitals, Mukundapur, Kolkata, where he has built a reputation over 13 years as a leading pulmonologist. He holds an MBBS and MD degree in Pulmonary Medicine from the West Bengal University of Health Sciences. He further complemented his knowledge with a European Diploma in Adult Respiratory Medicine (HERMES), reflecting his commitment to advanced respiratory care. Dr. Mukherjee is also an alumnus of the American College of Chest Physicians and completed his training in Interventional Bronchoscopy, especially Endobronchial Ultrasonography. He also had specialised training in non-invasive ventilation and Sleep Medicine from the Leeds Teaching Institute, UK, expanding his expertise in managing complex respiratory conditions through advanced therapeutic techniques. He is the foremost Pulmonary Doctor in Kolkata. Dr. Mukherjee's expertise spans a wide spectrum of pulmonary specialities, with a particular focus on Endobronchial Ultrasound, an advanced biopsy technique for challenging lung tumours. He has a profound interest in managing

allergies, severe asthma, and sleep disorders, having established a dedicated sleep clinic at Manipal to address complex sleep disorders. His practice also includes comprehensive care for interstitial lung disease, recognised for its challenging nature, and specialised treatment for difficult cases of tuberculosis and bronchiectasis. Equipped with proficiency in Bronchoscopy and Thoracoscopy, Dr. Mukherjee emphasises early diagnosis and intervention in various lung diseases, ensuring prompt and effective management for his patients. At Manipal Hospital, he leads a dynamic pulmonology team committed to delivering state-of-the-art facilities and compassionate care in respiratory medicine. Dr. Mukherjee is a member of the Indian Chest Society, the Indian Society of Critical Care Medicine, the Association of Physicians of India, the Association of Chest Physicians of West Bengal, and the European Respiratory Society. He also received the Best Student Award in Pulmonary Medicine from Medical College, Kolkata, in 2013. Dr. Angshuman Mukherjee's dedication to advancing pulmonary care, combined with his extensive experience and specialised training, positions him as a well-reputed doctor in the field who is loved by his patients and peers alike for his expertise and compassionate approach to patient care.

Fellowship & Membership

- Member of the Indian Chest Society (ICS)
- Member of the European Respiratory Society (ERS)
- Member of the American College of Chest Physicians, CHEST (ACCP)
- Member of the West Bengal Association of Chest Physicians (WBACP)

Field of Expertise

- Specialises in using Endobronchial Ultrasound (EBUS), an advanced technique for taking biopsies from challenging lung tumours, facilitating precise diagnosis and treatment planning.
- Proficient in managing allergies and severe asthma cases, employing comprehensive diagnostic and therapeutic approaches to improve patient outcomes.
- Expertise in sleep disorder breathing, addressing complex sleep disorders, and offering advanced diagnostic and therapeutic interventions for effective management.
- Provides specialised care and tailored treatment to Interstitial Lung Disease (ILD) patients, focusing on disease management and improving their quality of life.
- Specialises in the treatment of challenging cases of tuberculosis and bronchiectasis, utilising advanced therapeutic strategies to achieve optimal patient outcomes.
- Demonstrates proficiency in performing Bronchoscopy and Thoracoscopy procedures, enabling early and accurate diagnosis of various lung diseases and thereby facilitating timely intervention and treatment planning.
