

DR. SAYANTAN BHOWMICK

Associate Consultant - Paediatric Pulmonology

Qualification

MBBS | DCH (UK) | MRCPCH (UK)

Overview

Dr. Sayantan Bhowmick is a distinguished Paediatric Pulmonologist, currently serving as an Associate Consultant at Manipal Hospitals, Mukundapur, Kolkata. He completed his MBBS from Sri Ramachandra Medical College and Research Institute and has built an exceptional career driven by a deep passion for Paediatric Medicine. Dr. Bhowmick pursued a Diploma in Child Health (DCH) and a Membership of the Royal College of Paediatrics and Child Health (MRCPCH) in the United Kingdom. After completing his MRCPCH exams, Dr. Bhowmick travelled to the United Kingdom in 2018 to pursue his training in paediatric subspecialties. He received specialised training in Paediatric Intensive Care Units (PICUs), including Paediatric Critical Care Transport, at several reputed hospitals, and he has also completed training in Paediatric Respiratory Medicine. While in the UK, he pursued several advanced courses, including the European Respiratory Society (ERS) Bronchoscopy and Difficult Airway Management, enriching his clinical approach. With vast experience in General Paediatrics, Paediatric Intensive Care Units, Cardio-Respiratory Critical Care, and Paediatric Respiratory Medicine, Dr. Bhowmick has honed his skills in

managing various complex conditions. His area of expertise is in the diagnosis and management of paediatric asthma and allergy, chronic lung diseases in children and neonates, cystic fibrosis, interstitial lung diseases in children, complicated pneumonia in children, obstructive sleep apnoea in children and adolescents, as well as paediatric Bronchoscopy. His deep understanding of the pathophysiology of respiratory diseases enables him to manage cases with precision, recognising clinical deterioration early and seeking timely intervention for optimal care. Dr. Bhowmick holds membership in esteemed professional organisations, including the Royal College of Paediatrics and Child Health (MRCPCH) and the Indian Academy of Paediatrics (IAP). His contributions extend beyond patient care, as he has been involved in audit and quality improvement projects in the UK. He has also contributed to clinical governance, formulating and publishing clinical guidelines, and participating in various quality improvement projects. As a dedicated academician, Dr. Bhowmick is committed to teaching medical students and junior colleagues. He regularly conducts crash courses for MRCPCH (UK) and DCH (UK) candidates organised by senior UK-trained paediatricians in Kolkata, India. He is actively involved in academic programs, including case-based discussions, journal clubs, and grand rounds, and has delivered presentations during these sessions. His strong academic foundation ensures that he remains at the forefront of emerging paediatric practices, making him the best Paediatric Doctor in Kolkata at Mukundapur. Fluent in Bengali, English, and Hindi, Dr. Bhowmick communicates effectively with a diverse patient population. Dr. Bhowmick's pursuit of excellence in every aspect of his practice has earned him the respect and trust of both his patients and colleagues.

Fellowship & Membership

- Membership of the Royal College of Paediatrics and Child Health (MRCPCH), United Kingdom

- Member of the Indian Academy of Paediatrics (IAP)
- General Paediatric Fellowship, Southend University Hospital, United Kingdom
- Fellowship in Paediatric and Cardiac Intensive Care Medicine, University Hospital Southampton, United Kingdom.
