Overview

Dr. Dinesh Kumar T P is an experienced urologist and andrologist in Mysuru. He is currently practicing as a Consultant in urology and Andrology at Manipal Hospital Mysuru. Dr. Kumar’s expertise covers a wide range of urological and andrological treatments, combining over 15 years of dedicated experience in this field. Known for his commitment to patient care, he delivers effective solutions in urology and advanced care in male health. Dr. Kumar earned his medical degree, MBBS, from A.L.M.S., Mandya, Karnataka. He then pursued an M.S. in General Surgery from Jawaharlal Nehru Medical College, Aligarh, followed by a DNB in General Surgery from the National Board of Examinations in New Delhi. His specialization in urology was completed with an M.Ch. from the Bombay Hospital Institute of Medical Sciences. Dr. Kumar’s education and rigorous training have equipped him with deep knowledge and practical expertise in managing urological conditions, surgical procedures, and male reproductive health issues. Dr. Kumar is highly skilled in renal transplantation,

endourology, reconstructive urology, and laparoscopic urological surgeries. His work in endourology includes proficiency in procedures like cystoscopy, ureteroscopy, transurethral resection of the prostate (TURP), and percutaneous nephrolithotomy (PCNL). Additionally, Dr. Kumar performs vascular access surgeries, including AV fistulas and CAPD catheter insertions, which are vital for patients with renal conditions. In pediatric urology, Dr. Kumar has expertise in complex procedures such as bladder reconstructions, hypospadias repair, and pyeloplasty. His proficiency extends to treating urological cancers, where he has conducted surgeries like radical nephrectomy, radical cystectomy, and other complex cancer surgeries. His practice emphasizes minimally invasive techniques, aiming to reduce recovery time and enhance patient comfort. Dr. Kumar actively participates in professional development and knowledge sharing. He has attended numerous conferences and workshops on advanced urological procedures, particularly in reconstructive and laparoscopic urology. Notably, he has been involved in symposiums on topics like uro-oncology and andrology, including advanced courses in pediatric urology. In addition to his technical expertise, Dr. Kumar is a fluent speaker of English, Kannada, and Hindi, enabling him to communicate effectively with a diverse patient base. His approachable demeanor and dedication to patient education foster a trustworthy doctor-patient relationship. Patients and families appreciate his clarity in explaining treatment options and potential outcomes, enhancing their understanding and confidence in the medical care they receive.
