

DR. RAJAGOPAL R

Consultant - Psychiatry

Qualification

MBBS Mysore Medical College | MD(Psychiatry) PGIMER, Chandigarh

Overview

Dr. Rajagopal Jambunathan is an experienced cardiologist in Mysuru. He is currently practising as a Senior Consultant - Cardiology at Manipal Hospital, Mysuru. With over 17 years of experience in cardiology, Dr. Jambunathan has developed extensive expertise in both invasive and non-invasive cardiovascular care. His practice emphasises providing high-quality patient care through advanced techniques in cardiac diagnostics and interventional cardiology. Dr. Jambunathan completed his MBBS from Government Medical College in Mysuru and earned his MD in General Medicine from Vijayanagar Institute of Medical Sciences in Bellary. He further specialized with a DM in Cardiology from LPS Institute of Cardiology, Kanpur, solidifying his foundation in treating complex cardiovascular conditions. His advanced training allows him to expertly perform non-invasive procedures such as echocardiography (Echo), treadmill tests (TMT), and cardiac stress MRI. Additionally, he is proficient in interpreting Holter monitors, making him highly skilled in diagnosing heart rhythm disorders. In the field of interventional cardiology, Dr. Jambunathan is adept at performing a range of procedures, including angiograms, routine and

complex angioplasties, and balloon valvuloplasty. His specific expertise lies in trans-radial interventions, having completed over 6,000 trans-radial angiograms and more than 1,400 angioplasties through this minimally invasive approach. This specialisation ensures reduced recovery time for patients and exemplifies his commitment to patient-centric care. He has also developed a niche in managing hypertrophic cardiomyopathy through alcohol septal ablation, a procedure he pioneered in Mysuru. Dr. Jambunathan is also experienced in handling pediatric cardiology cases, including various interventions and pacemaker implantations. His experience spans both adult and pediatric cardiac care, enabling him to provide holistic cardiology services for a wide age range. In addition to clinical care, he has conducted hands-on workshops and training sessions on advanced cardiac interventions, sharing his knowledge with colleagues and mentoring new specialists in the field. Apart from his practice, Dr. Jambunathan holds memberships in key professional organizations such as the Cardiological Society of India (CSI) and has served in leadership roles, including as the General Secretary of CSI's Mysuru Chapter. His commitment to cardiology extends to research and development, with publications in prominent medical journals and participation in clinical trials aimed at advancing treatment for conditions like myocardial infarction and atherosclerosis. Dr. Rajagopal Jambunathan speaks both English and Kannada, allowing him to communicate effectively with a diverse patient base. This linguistic ability enables him to provide compassionate, accessible care for patients from various backgrounds, ensuring that all individuals feel understood and supported.
