

DR. JAYAKARTHIK Y

Consultant – Oncology Surgery

Qualification

MBBS | MS (General Surgery) | DNB (Surgical Oncology)

Overview

Dr. Jayakarthik is a Distinguished Oncology Surgeon in Mysore, associated with Manipal Hospitals. He has over 14 years of experience in this field. He is an honest and dedicated doctor. His ability to communicate with his patients is amazing. His personal touch and enthusiasm for spending time with his patients are commendable. He listens to every word of his patient patiently and communicates with them very gently. His clinical diagnosis skills and the techniques he follows in his treatment procedure are excellent. His language proficiency in Kannada, Hindi, English, and Telugu makes him efficient in dealing with his patients. He did his MBBS from Rajiv Gandhi University of Health Sciences in 2009. After that, he went on to pursue higher studies. In 2012 he completed his MS in General Surgery from BLDEA's Shri B M Patil Medical College, Bijapur. In 2018, he completed his DNB in Surgical Oncology from the National Board of Examination, India. As an oncologist surgeon, he has over 8 years of experience. He offers treatment plans and supportive care to patients diagnosed with cancer. He manages his patient with brilliance throughout the disease. He can diagnose the initial stages of cancer and removes tumours in

surgery efficiently. The way he explains to his patient the diagnosis and cancer treatments is admirable. His treatment plans are praiseworthy. No wonder he is considered the best surgical oncologist in Mysore. He has been awarded in various prestigious platforms. His achievements in both academic and professional fields are magnificent. In 2018, he was conferred with the best poster award at NATCON IASO. In 2019, he got the best paper award at NATCON IASO, Kolkata. For the above paper, he has also been bestowed an ICDE fellowship by the Society of Surgical Oncology, USA. In 2019, he got the best video award for a video presentation based on the excision of superior mediastinal Neuroblastoma(higher risk) in the case at ISO ISMPO, Indore, MP. His contribution to the research and development of medical science is fantastic. He has published his research in national and international journals, including the International Journal of Anatomy, Radiology, and Surgery. In 2022, he published a paper on the Role of Sentinel Lymph Node Biopsy in Clinically Node Negative Carcinoma Penis in the Indian Journal of Surgical Oncology. Dr. Jayakarthik is famous for his excellent way of treatment as well as his valuable contribution to research and academics.
