

## DR. ASHISH DIXIT

Consultant - Haematology Haemato Oncology & Bone Marrow Transplantation

### Qualification

MBBS from Gajra Raja Medical College (GRMC), Gwalior, India | MD from Post Graduate Institute of Medical Education and Research (PGIMER), Chandigarh | DNB from National Academy of Medical Sciences, India | DM (Clinical Haematology) from All India Institute of Medical Sciences (AIIMS), New Delhi

### Overview

Dr. Ashish Dixit is a Consultant - Haematology (Haemato Oncology & Bone Marrow Transplantation) at Manipal Hospital Old Airport Road, Bangalore. Dr. Dixit is very reputed in the field of haematology. He did his MBBS at Gajra Raja Medical College in Gwalior. Later, he went on to acquire his MD from PGIMER in Chandigarh. In order to further his education, he earned a DNB from the National Academy of Medical Sciences and a DM in Clinical Haematology from the reputed All India Institute of Medical Sciences (AIIMS) in New Delhi. This extensive educational background provides him with the knowledge and abilities required to deliver specialised treatment in the complex and crucial field of clinical haematology. Dr. Ashish Dixit's influence extends beyond his academic accomplishments, including his important contribution to Manipal Hospital. His leadership in the BMT unit demonstrates his competence in negotiating the intricacies of bone marrow transplantation and achieving the best patient results. Dr. Dixit's illustrious career demonstrates his unwavering dedication to medical knowledge growth, patient care, and the specialised disciplines of haematology and haemato-oncology. He is one of the best bone marrow transplant doctors in Old Airport Road. Dr. Ashish Dixit is an honorary member of several medical groups and is very involved with these groups. His leadership at Manipal Hospital's BMT programme demonstrated his ability to effectively handle the intricacies of bone marrow transplantation and achieve favourable results. Known for his kindness and humility, Dr. Dixit goes above and beyond to provide the best care. In the specialized fields of haematology, hemato-oncology, and bone marrow transplantation, he is a shining example of the brilliance that significantly impacts patient care and advances medical understanding.

### Fellowship & Membership

- American Society of Haematology.
- Indian Society of Haematology & Blood Transfusion (ISHBT).
- Indian Society of Stem Cell Transplant.
- Paediatric Haematology Oncology (PHO) chapter of IAP.
- Indian Academy of Paediatrics.

### Field of Expertise

- Haematology, Hemato-oncology & Bone Marrow Transplant
- Special interest and expertise in performing Blood & Bone Marrow transplants for various benign and malignant hematological disorders
- Diagnosing and treating malignant Haematology disorders like Acute and Chronic leukemia, Hodgkin's and Non-Hodgkin's Lymphomas, Myeloma, Myelodysplastic syndrome (MDS), etc
- Diagnosing and treating Red cell disorders like Aplastic Anaemia, Autoimmune Haemolytic Anemia, Nutritional Anaemia, Thalassemia, and Sickle Cell Anaemia, etc.
- Diagnosing and treating Platelet disorders like Immune Thrombocytopenic Purpura (ITP), Thrombotic Thrombocytopenic Purpura (TTP), etc.
- Diagnosing and treating thrombotic disorders like deep vein thrombosis, recurrent thrombotic episodes, pulmonary embolism, Antiphospholipid Antibody Syndrome (APLA), Hereditary Thrombophilia, etc.
- Diagnosing and treating bleeding and coagulation disorders like Haemophilia, von Willebrand disease (vWD), other platelet function disorders, rare clotting factor deficiencies, etc.
- Evaluating and managing hematological complications arising in pregnancy and the postpartum period
- Evaluation of Paediatric hematological disorders- both hereditary & acquired
- Evaluating and managing hematological complications in renal disorders, Rheumatology disorders, gastrointestinal disorders, Neurological disorders, Intensive care units, etc.

## Languages Spoken

- English
- Hindi

## Awards & Achievements

- First DM student for super specialty course of Clinical Haematology at prestigious institute All India Institute of Medical Sciences (AIIMS), New Delhi.
- Established Bone Marrow Transplant Unit at Manipal Hospital Bangalore in 2004.
- This successful unit carries out both Autologous & Allogeneic Bone Marrow Transplants including matched sibling, unrelated and Haploidentical Transplants.

## Talks & Publications
